

MONTANA BOARD OF REGENTS

LEVEL I REQUEST FORM

Item No.: 126-1004+R0305 Date of Meeting: March 17-18, 2005
Institution: The University of Montana-Missoula
Program Title: School of Pharmacy and Allied Health Sciences; rename College of Health Professions and Biomedical Sciences

Level I proposals are those that may be approved by the Commissioner of Higher Education or the Commissioner's designee. The approval of such proposals will be conveyed to the Board of Regents at the next regular meeting of the board. The institution must file the request with the Office of the Commissioner of Higher Education by means of a memo to the Deputy Commissioner.

- A. Level I action requested (check all that apply):** Level I proposals include campus initiatives typically characterized by (a) minimal costs; (b) clear adherence to approved campus mission; and (c) the absence of significant programmatic impact on other institutions within the Montana University System and Community Colleges.
- 1. Re-titling existing majors, minors, options and certificates; (e.g. from B.S. in Mechanized Agriculture to B.S. in Agricultural Operations Technology);
 - 2. Eliminating existing majors, minors, options and certificates via a Program Termination Checklist;
 - 3. Adding new minors or certificates where there is a major;
 - 4. Departmental mergers and name changes;
 - 5. Program revisions; and
 - 6. Distance delivery of previously authorized degree programs.
- B. Level I with Level II documentation:** With Level II documentation circulated to all campus chief academic officers in advance, the Commissioner or designee may propose additional items for inclusion in the Level I process. For these items to move forward, the Commissioner or designee must reach consensus with the chief academic officers. When consensus is not achieved, the Commissioner or designee will move the item to the Level II review process.
- 1. Options within an existing major or degree;
 - 2. Eliminating organizational units within larger institutions such as departments, divisions and colleges or schools *with the exception of the five Colleges of Technology where changes require Board action;*
 - 3. Consolidating existing programs and/or degrees.
- C. Temporary Certificate or A.A.S. degree programs:** Certificate or Associate of Applied Science Degree Programs may be submitted as Level I proposals, with memo and backup documentation, when they are offered in cooperation with and/or at the request of private or public sector partners and the decision point to offer the program is not consistent with the regular Board of Regents program approval process. Level I approval for programs under this provision will be limited to two years. Continuation of a program beyond the two years will require the normal program approval process as Level II Proposals.

All other Certificate or Associate Degree programs may be placed on submission at any Board of Regents meeting. They will be placed on action agendas at subsequent meetings. All campuses agree to insure that all other campuses receive program information well in advance of submission.

Specify Request:

Rename the School of Pharmacy and Allied Health Sciences and rename three subunits within the unit.

The present designation, School of Pharmacy and Allied Health Sciences, does not adequately describe the activities that currently take place in that unit. Therefore, this request is to rename the School as the College of Health Professions and Biomedical Sciences, and includes changing the name of three subunits under the College, those being:

- Skaggs School of Pharmacy (to be comprised of the Departments of Biomedical and Pharmaceutical Sciences and the Department of Pharmacy Practice)
- School of Social Work (formerly Department of Social Work)
- School of Physical Therapy and Rehabilitation Science (formerly Department of Physical Therapy)
