The total amount payable to an educator under this program may not exceed $12,000. Payments are subject to continued eligibility and funds.

4. Funding. No funds shall be dedicated to this program which have not been expressly appropriated for the project. If the funding for any given year is less than the total amount for which Montana quality educators qualify, the commissioner of higher education will make awards to quality educators based on the shortage indicator score (SIS) identified in § B-1 of this policy.

B. Procedures

1. Critical Quality Educator Shortage Areas. By February 1 of each year, in accordance with § 20-4-503, MCA, the Board of Public Education will identify and provide to the commissioner of higher education a ranked list of schools and endorsement areas which are the areas of critical educator shortage. The list will indicate, by a numerical shortage indicator score (SIS), the most critical shortage areas. Awards will be made based upon the SIS.

2. Application. The commissioner of higher education will develop and post the application form and required documents to complete an application. Each applicant is responsible for filing his or her application, with necessary supporting documentation, by the deadline set in this policy. The commissioner of higher education may set additional administrative requirements for participation in the program, such as (1) provision of a social security number for payment and tax purposes and (2) consideration of participation in other loan repayment programs.

3. Application Documents. A complete application will include (1) a completed, signed application form, with signed consent to access loan information; (2) certification of employment in a shortage area; and (3) verification of educator licensure.

4. Application Deadline. Complete applications must be received at the Montana Guaranteed Student Loan Program (MGSLP) no earlier than April 1 nor later than May 31 of the year for which the applicant seeks assistance. Applications may be sent to the Quality Educator Loan Assistance Program, MGSLP, PO Box 203101, Helena, MT 59620-3101 or be hand-delivered to the MGSLP at 2500 Broadway, Helena, Montana. Incomplete applications will not be considered. It is the applicant’s responsibility to ensure his or her application is complete.

5. Reapplication. Educators must reapply for the assistance every year. The commissioner of higher education will post procedures for reapplications for assistance. Direct notices of renewal will not be sent to current recipients. Educators currently in the program and working in the same
capacity in the same shortage area for which they originally were qualified will have priority for additional awards, conditional upon continued eligibility and timely reapplication.

6. **Payment.** Payments will be made directly to the lender. If the remaining balance on an educator’s loan is less than $1,000 for any given year, only the balance owing will be remitted by the program. Payments made under this program may be taxable income by the IRS and Montana Department of Revenue.

7. **Disqualification.** A qualified educator may be disqualified from receiving an award if he or she does not complete the school year in good standing.

8. **Appeals.** Neither the determination of critical educator shortage areas nor the selections made under the program are subject to appeal. The termination of an award may be appealed to the commissioner of higher education. The commissioner’s decision shall be final.
