

Mission statement review; University of Montana

Per Board of Regents policy 219 – Mission Statements; Montana University System, mission statements shall be reviewed by the regents every three years.

Provided below is the institutional classification description and mission statement of the University of Montana for your review.

Institutional Classification:

Research Doctoral Universities: Research Doctoral Universities are comprehensive research institutions offering education from the certificate, associate, and baccalaureate levels through the master and doctoral levels. These institutions provide select graduate and professional programs correlating with defined research and academic strengths. These institutions are characterized by a high level of research activity and make significant contributions to new knowledge, economic development, and the culture of the state. Admissions policies define specific preparation levels necessary for student success.

Mission Statement:

The University of Montana--Missoula pursues academic excellence as demonstrated by the quality of curriculum and instruction, student performance, and faculty professional accomplishments. The University accomplishes this mission, in part, by providing unique educational experiences through the integration of the liberal arts, graduate study, and professional training with international and interdisciplinary emphases. The University also educates competent and humane professionals and informed, ethical, and engaged citizens of local and global communities; and provides basic and applied research, technology transfer, cultural outreach, and service benefiting the local community, region, State, nation and the world.
