ITEM #194-103-R0521

Request for Approval to Revise Language in Board of Regents Policy 805 – Executive Perquisites

THAT

The Board of Regents revises Policy 805 to clarify allowable transportation methods for work travel.

EXPLANATION

Board policy provides Chancellors, Presidents and the Commissioner with a state vehicle, a leased vehicle, or a monthly vehicle allowance for the performance of their respective duties. Depending on vehicle condition, road conditions, or pertinent travel itinerary connections, it could be reasonable on occasion for an executive to use a state motor pool vehicle or rental car, or to submit for reimbursement for a fuel purchase cost for state travel conducted in a personal vehicle. The attached policy revision clarifies this allowable use.
