**Request for Authorization to Enter into Off Campus Lease for the Department of Intercollegiate Athletics (Tennis) – University of Montana-Missoula**

---

**THAT**

Consistent with the Board's authority to manage and control the Montana University System, BOR Policy 1003.6, and MCA 20-25-302, the Board of Regents of Higher Education adopts a resolution authorizing the University of Montana to enter into an off-campus lease. In May 2012, the Board approved the University of Montana to enter a lease for the use of indoor tennis facilities for the UM Intercollegiate Tennis program. In accordance with Board of Regents policy 1003.6, Transfer of Interest in Real Property, this is a request for Regent authority to enter into a one-year lease addendum to the prior lease, located off campus at Peak Racquet Center at Peak Health and Wellness Center, LLC, 5000 Blue Mountain Road, Missoula Montana 59804. The cost of the lease is \$26,000 per year.

---

**EXPLANATION**

1. Since 2010, the University of Montana Intercollegiate Tennis program has needed to lease three indoor tennis courts to provide its Division I tennis athletes a place to practice when bad weather prevents the athletes from practicing outdoors.
  2. The leased premises are located at the Peak Racquet Center at Peak Health and Wellness Center, LLC, 5000 Blue Mountain Road, Missoula Montana 59804, the only indoor tennis facility in Missoula, MT.
  3. The former lease addendum ends December 31, 2022, and the University of Montana tennis program would like to continue leasing the same premises under a one-year addendum beginning January 1, 2023, and terminating December 31, 2023.
  4. The lease also provides a detailed schedule of court times exclusively reserved for UM Tennis athletes. The lease further provides for no triple net fees or costs.
  5. The cost of lease is \$26,000 each year. This cost is reasonable based upon the opportunity cost of the forfeited court times that could have otherwise been sold to public tennis memberships by the Lessor. Good faith negotiations between the University and the Lessor have resulted in a lease agreement and addendum, which has been reviewed by campus legal counsel. A longer-term lease is currently being discussed with facility owners.
