

2024-2025 Dual Enrollment Report

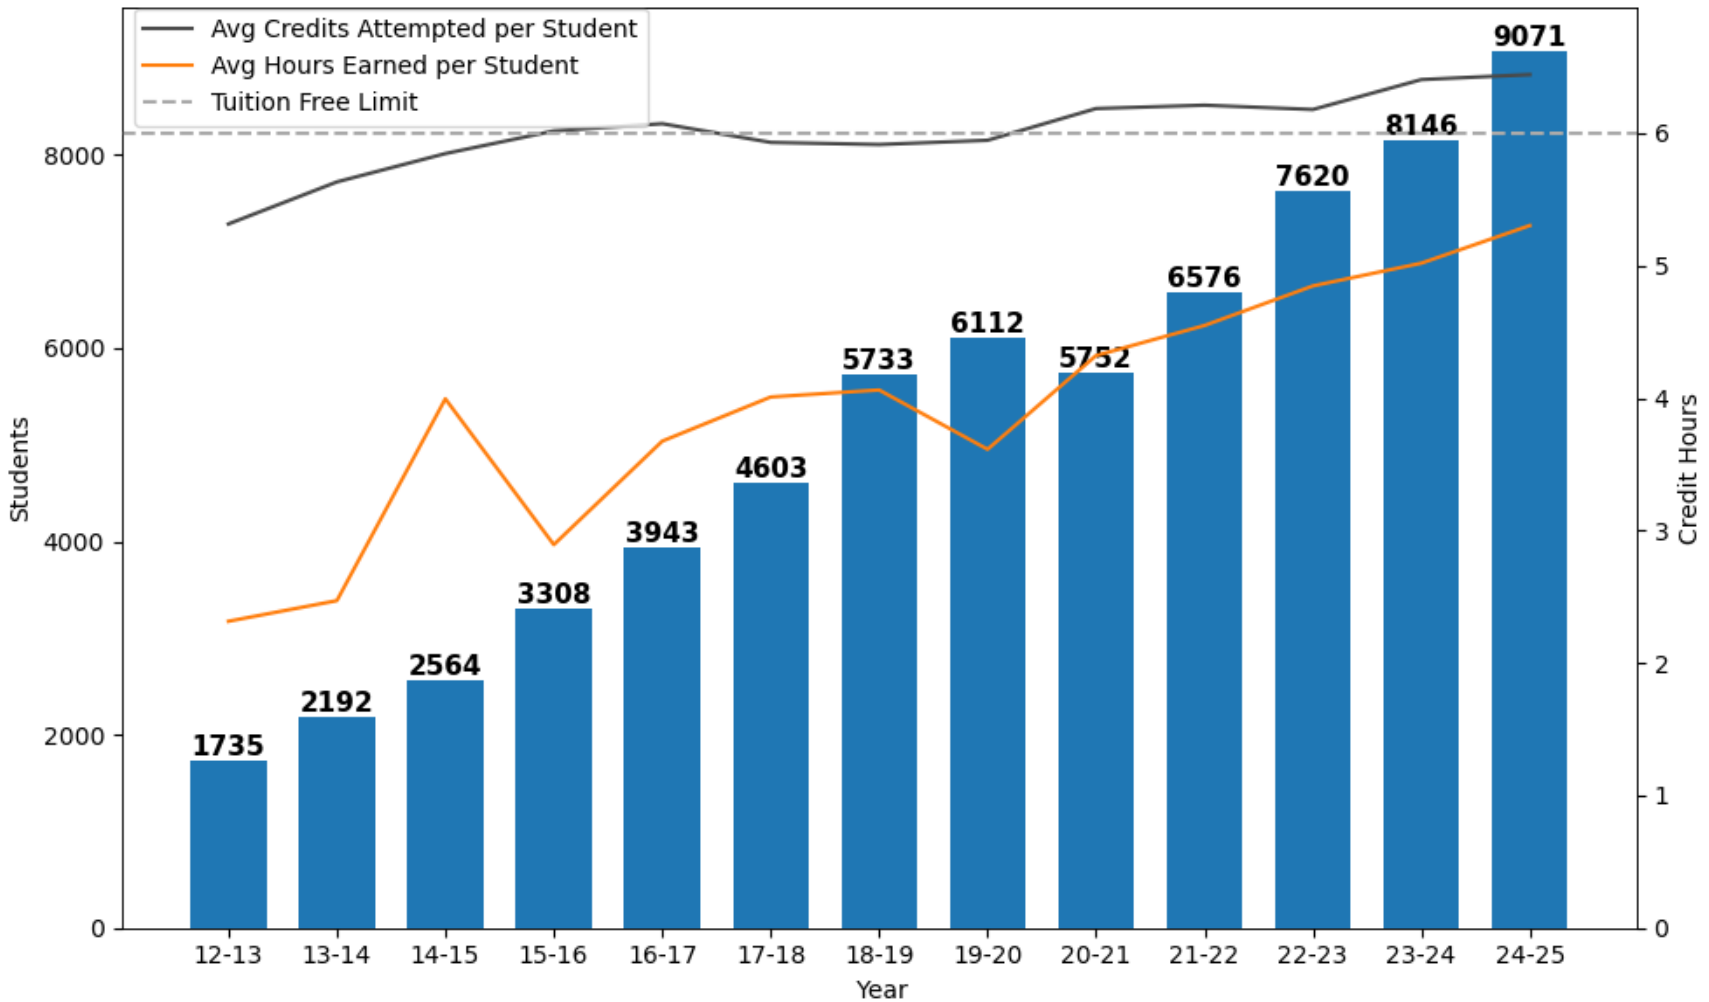

Office of the Commissioner of Higher Education

Chase Stahl, Data Specialist

Overview

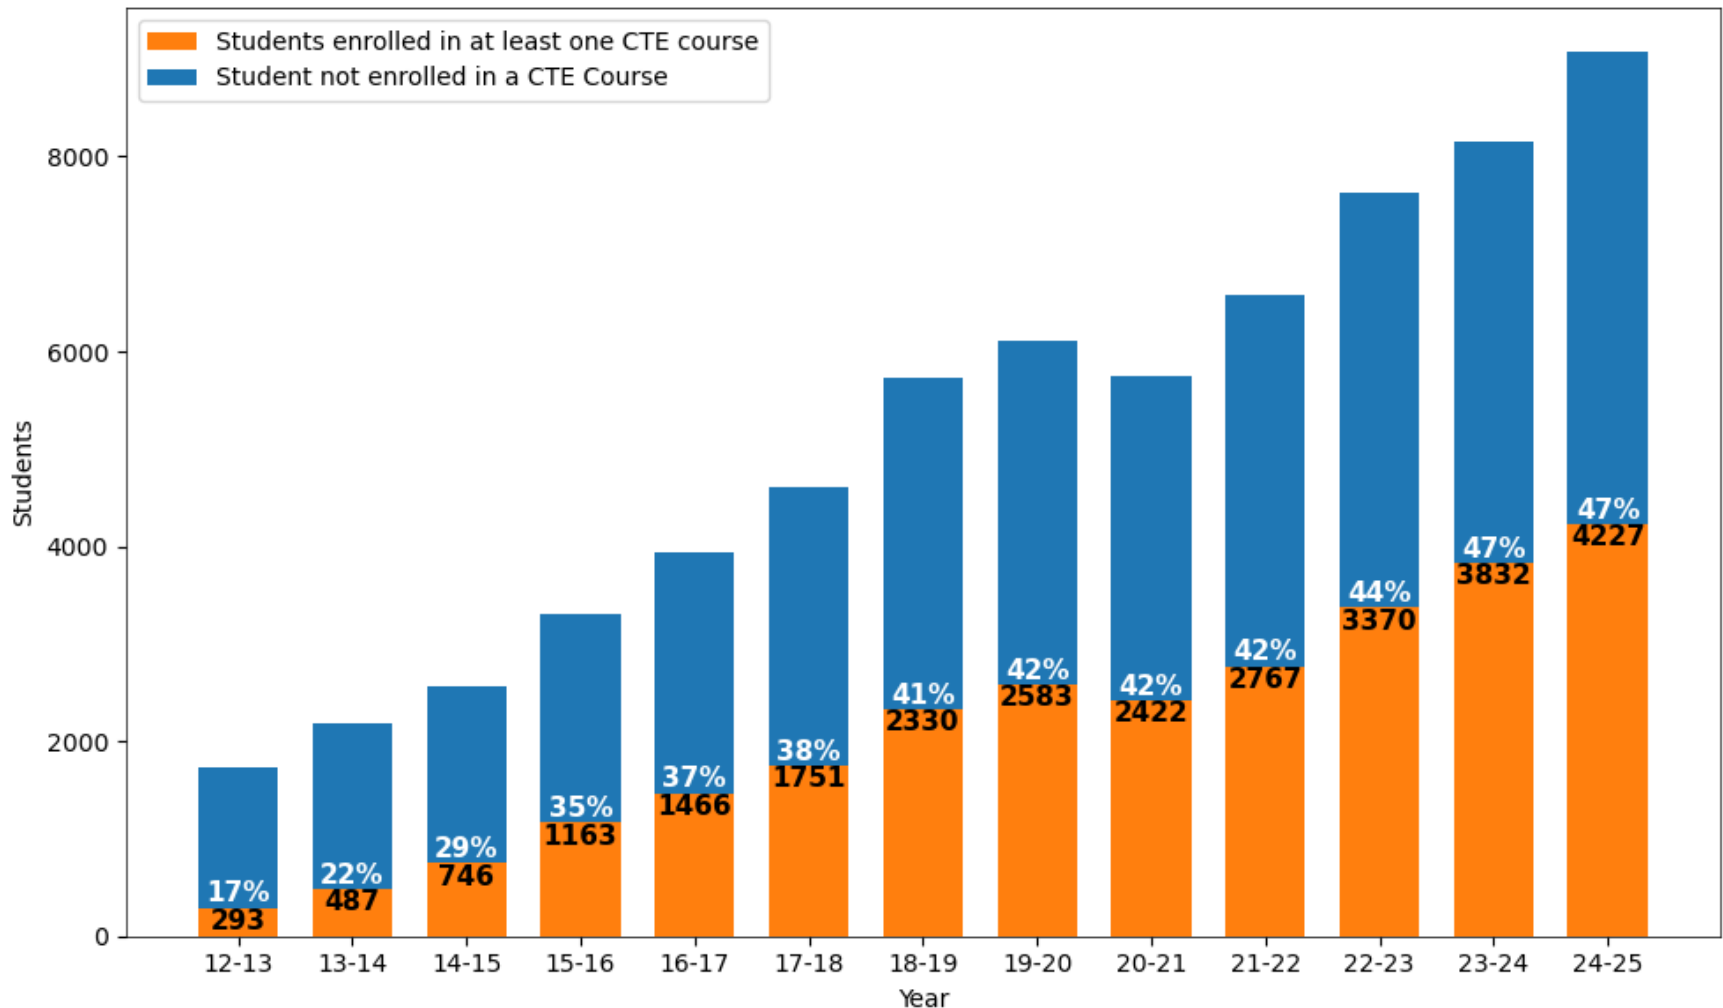

- **DE Counts**
- **Participation Rates**
- **Course Modality & Credit Type**
 - **Pass Rates**
 - **Top Courses & Subjects**
- **Matriculation Rates**
 - **New National Student Clearinghouse Data**
- **Graduation Rates: DE Students in the MUS**
- **Key Takeaways**

Dual Enrollment Count by Year

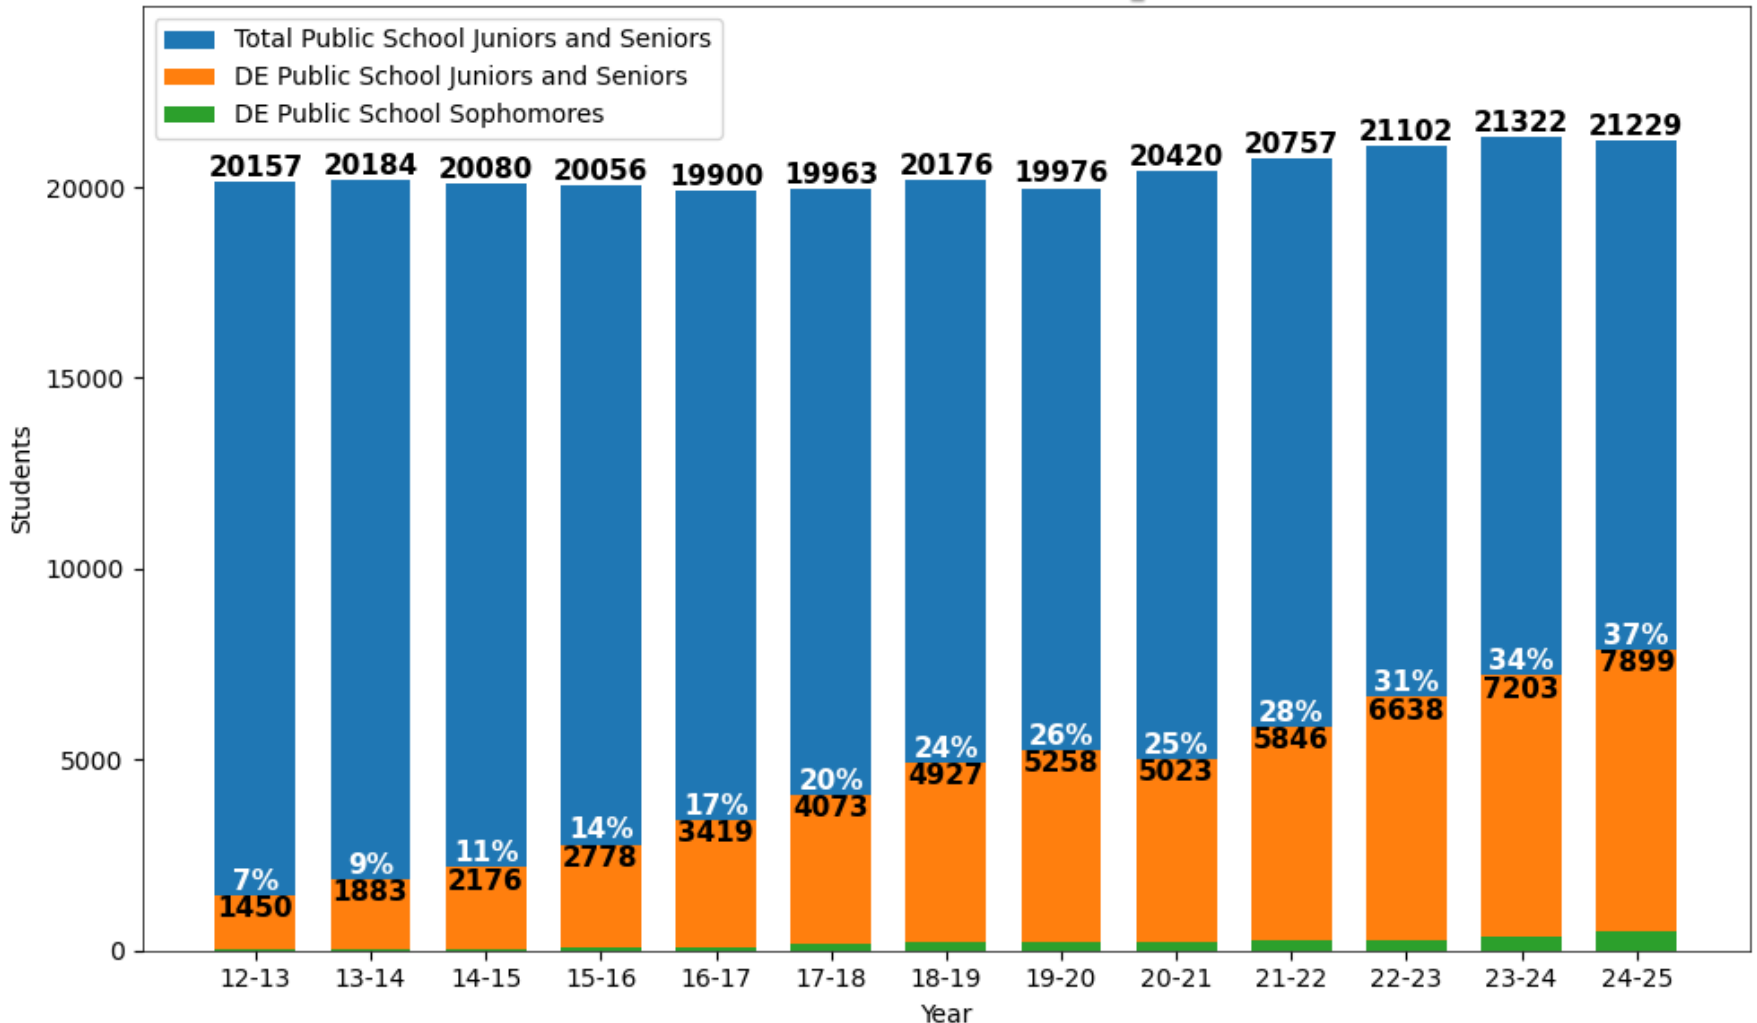

15.2% enrollment growth per year
11.4% enrollment growth from 2023-24 (7% US Avg - NSC)

CTE Dual Enrollment Count by Year

14.6% CTE growth per year since 2016-17
10.3% increase from 2023-24

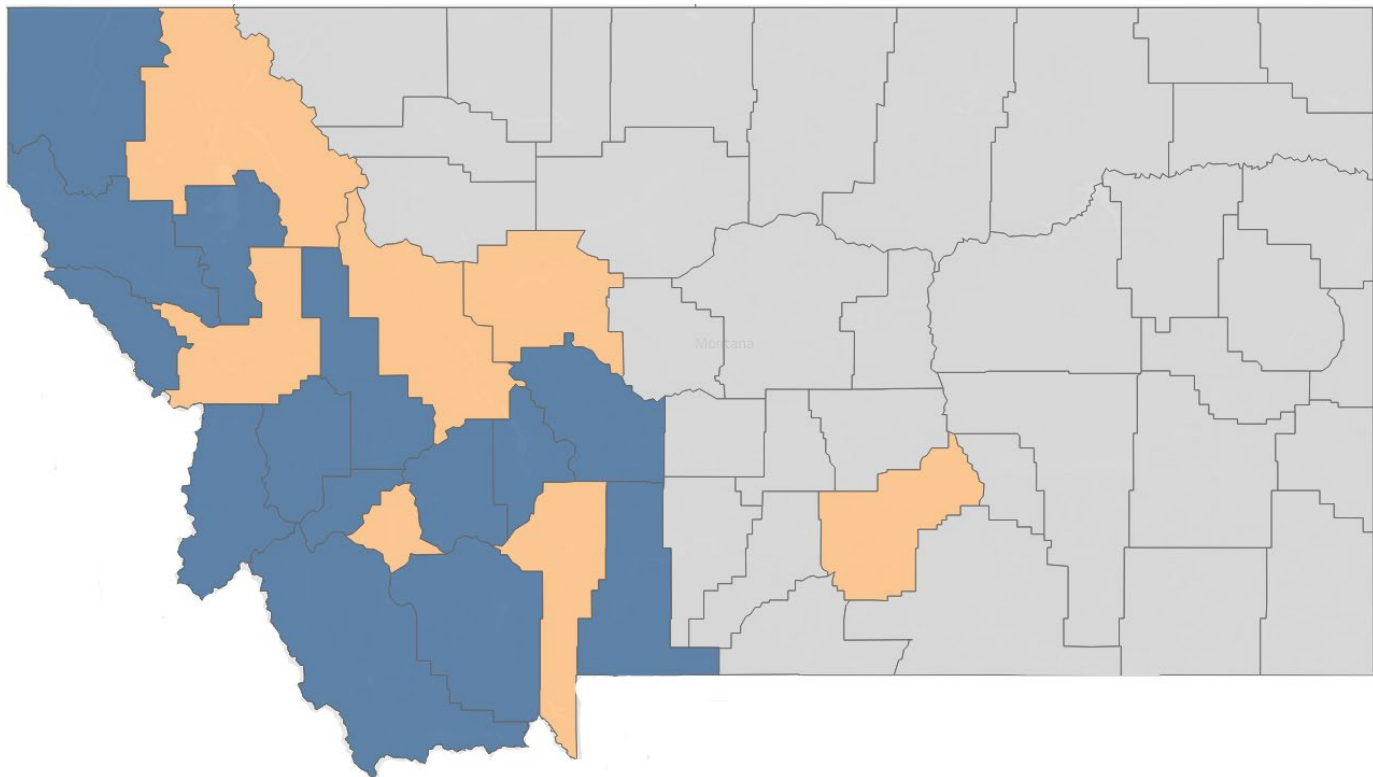

Public Student Participation in DE

87.1% of DE students attended a public high school in 2024-25

2024-25 DE Participation Rates by Region

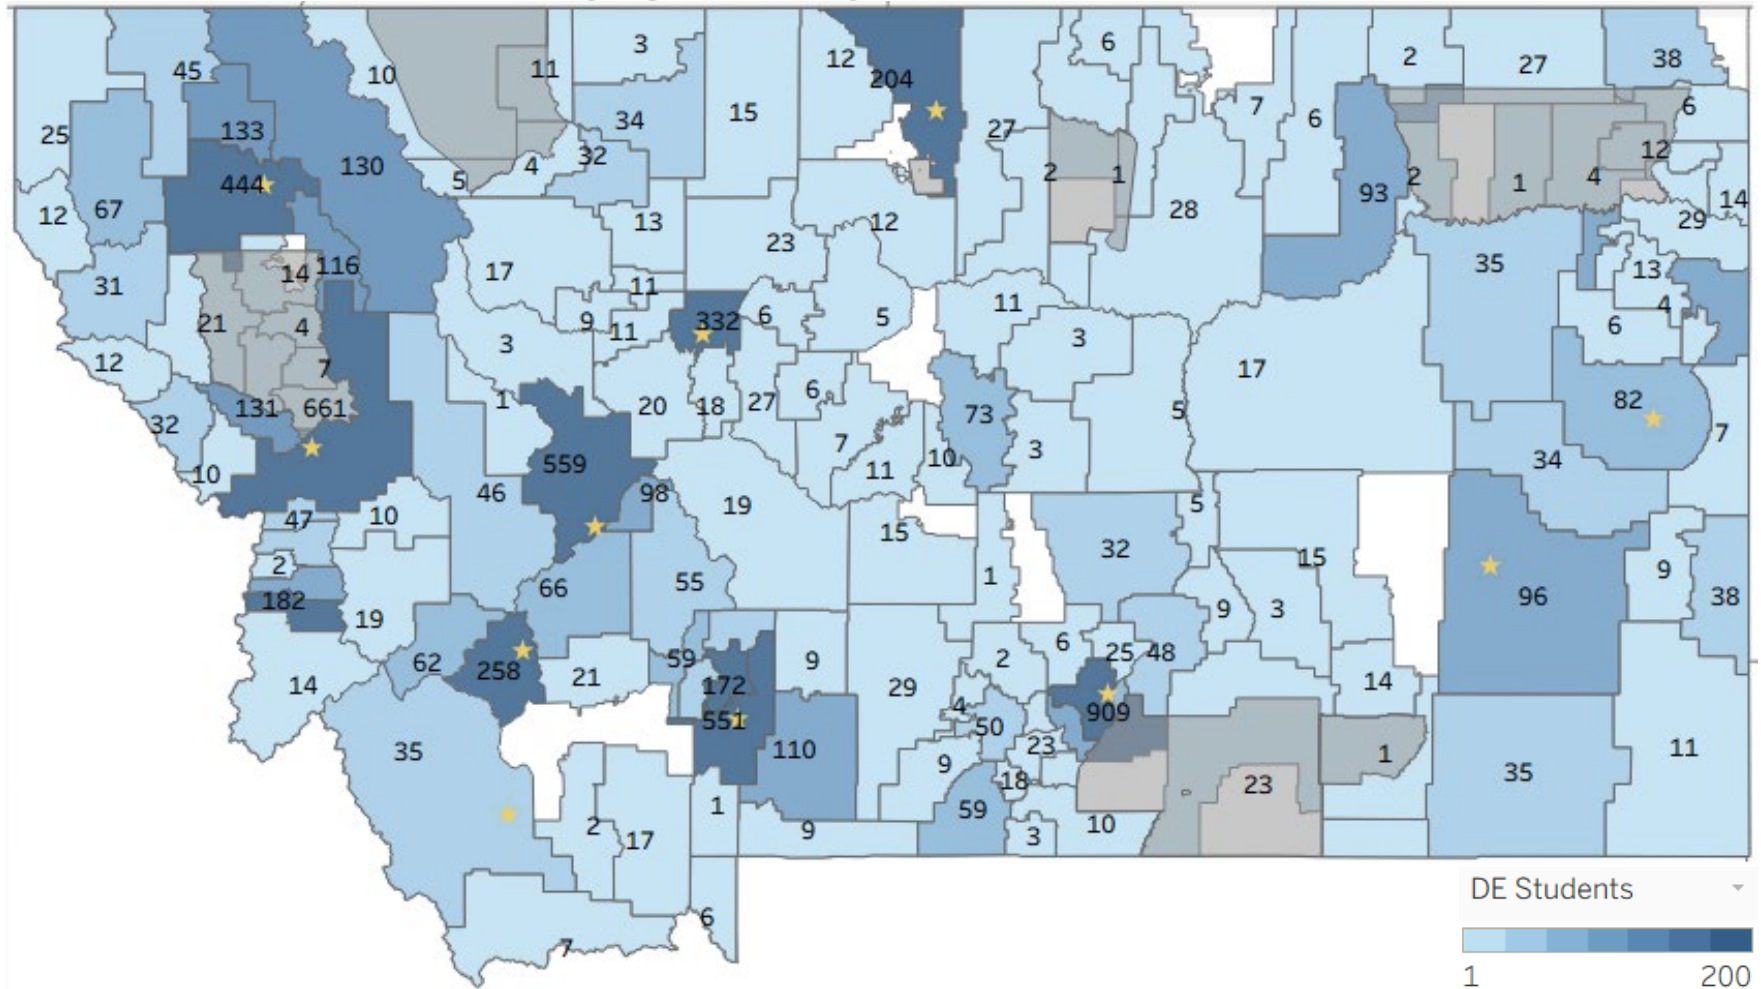

Participation rates = total public dual enrollment students / total public high school junior and seniors

Color	Region	Participation Rates	% Change from Last Year
	Urban	37.3%	+4.7%
	Mountains	37.6%	+2.0%
	Plains	38.3%	+2.1%

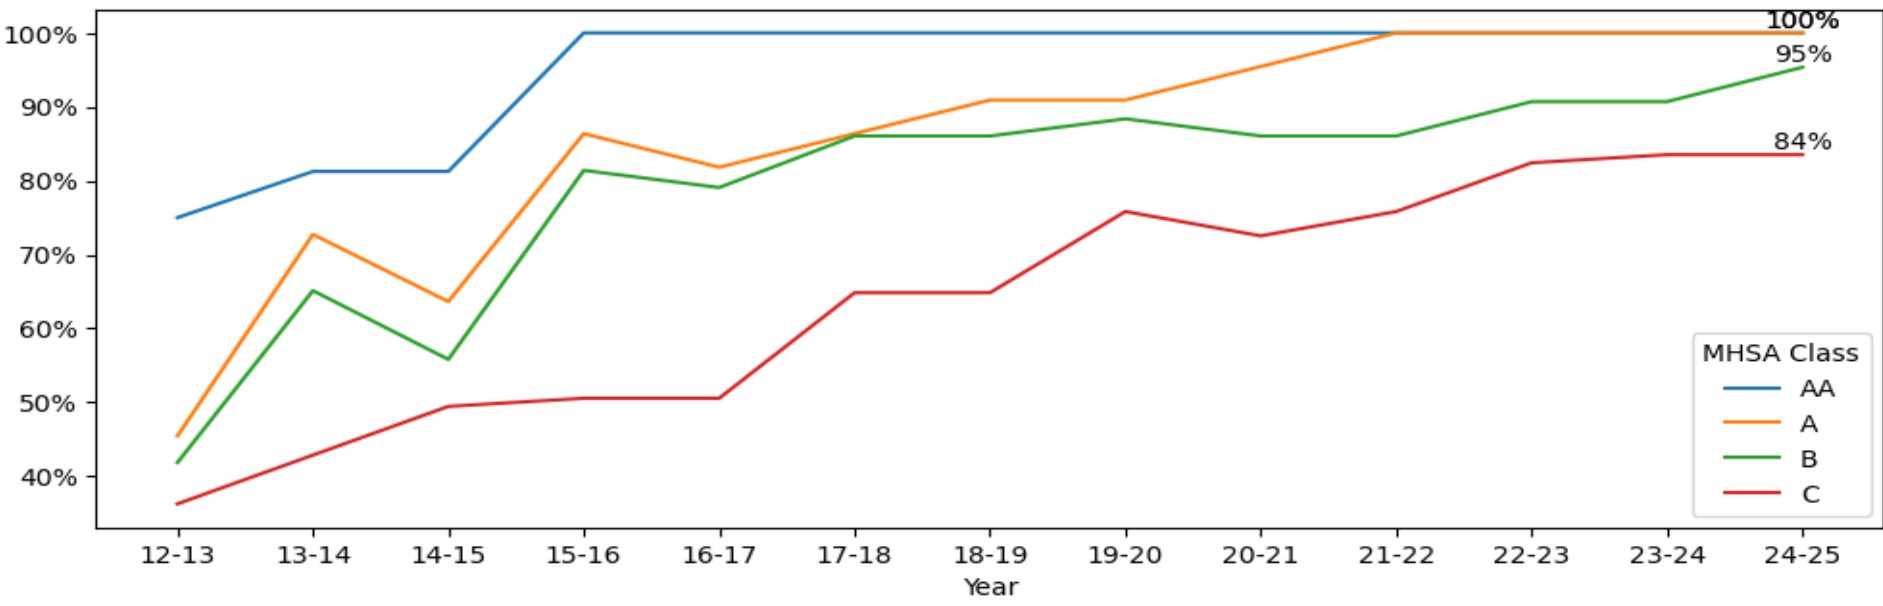

2024-25 Dual Enrollment Count by District

Number displayed = total public dual enrollment students

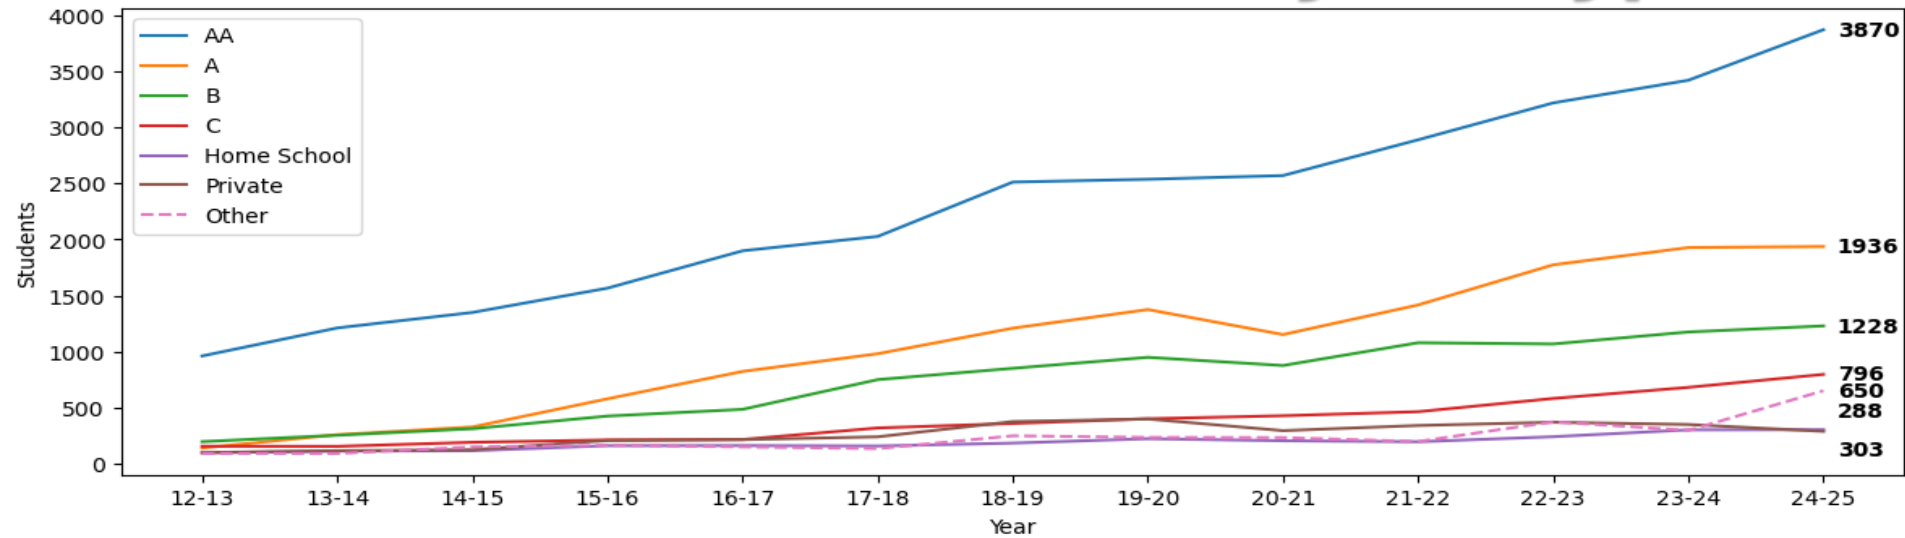

87.1% of DE students attended a public high school in 2024-25

Public HS Participating in DE by MHSA Class

MHSA Class	HS with at least 1 DE Student in 2024-25	Total MHSA High Schools	US Avg 90% 90.1%
AA	16	16	
A	22	22	
B	41 (+2)	43	
C	76	91	
Total	155	172	

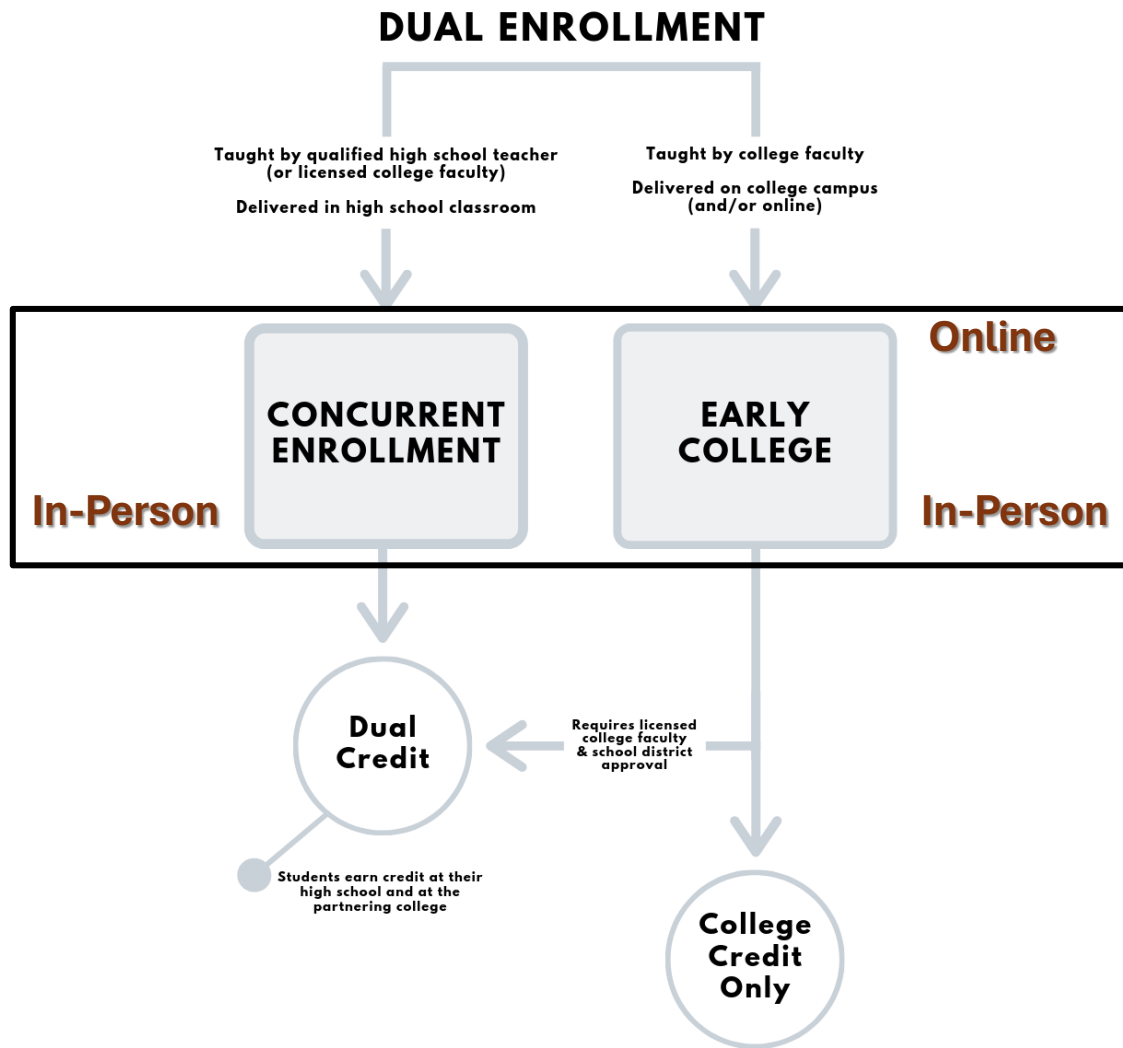

Dual Enrollment Count by HS Types

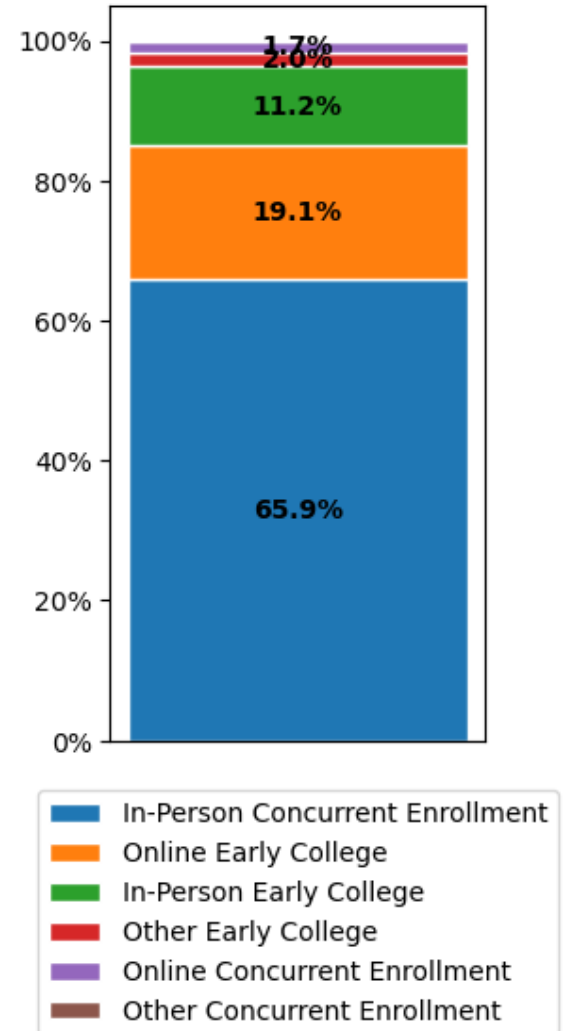

HS Type	Avg % Change per Year	% Change from 2023-24	Pass Rates
AA	12.6%	13.2%	81.9%
A	27.4%	0.5%	82.9%
B	17.6%	4.5%	80.4%
C	15.2%	17.1%	88.2%
Home School	10.9%	0.7%	73.1%
Private	12.1%	-17.5%	88.4%
Other	25.6%	119.6%	81.3%

23-24 MHSA classes applied to all years

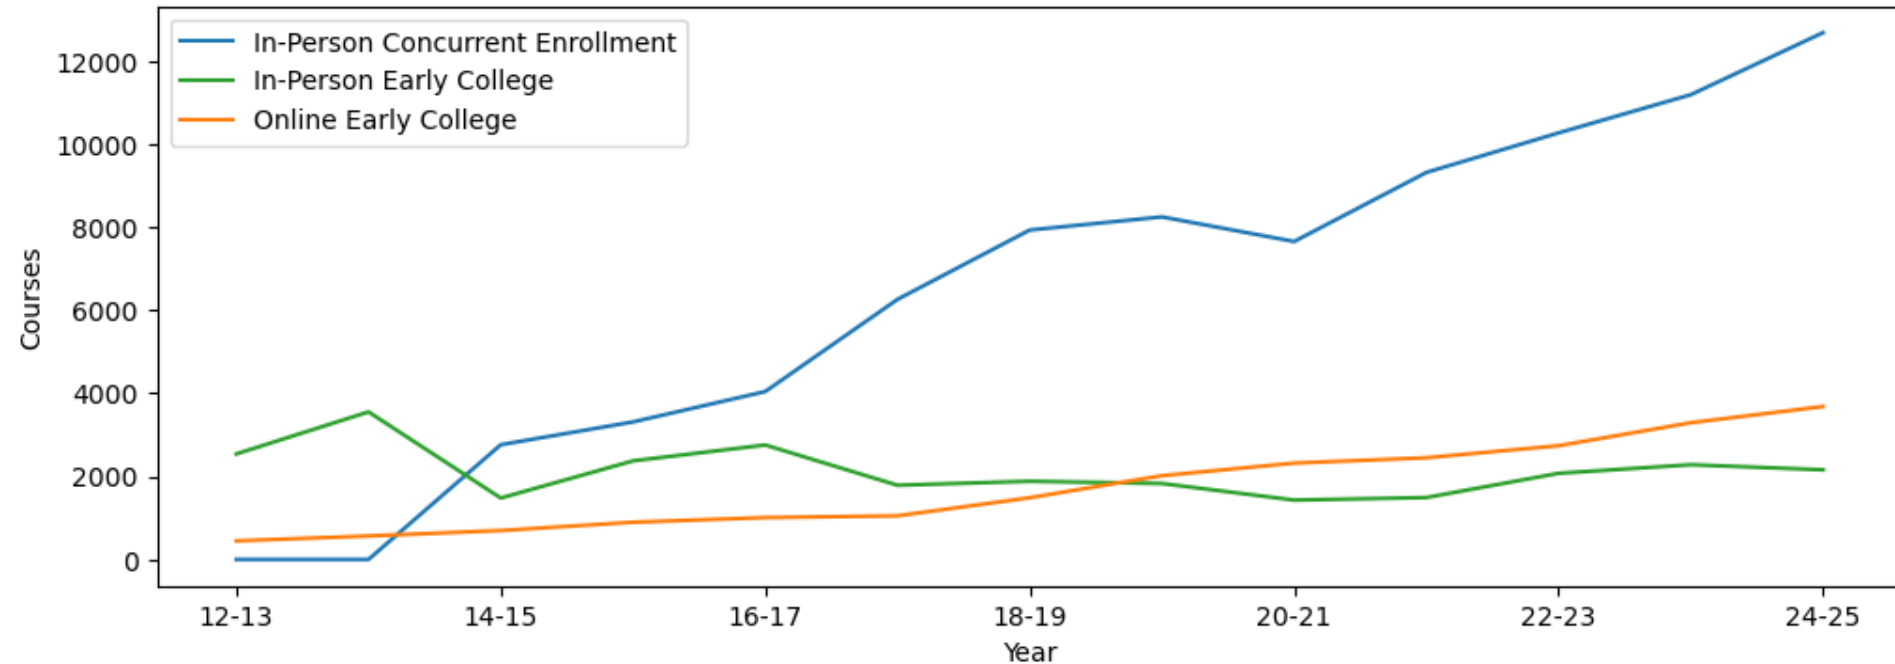

DE Modality & Credit Type

2024-25 Modality and Credit Type

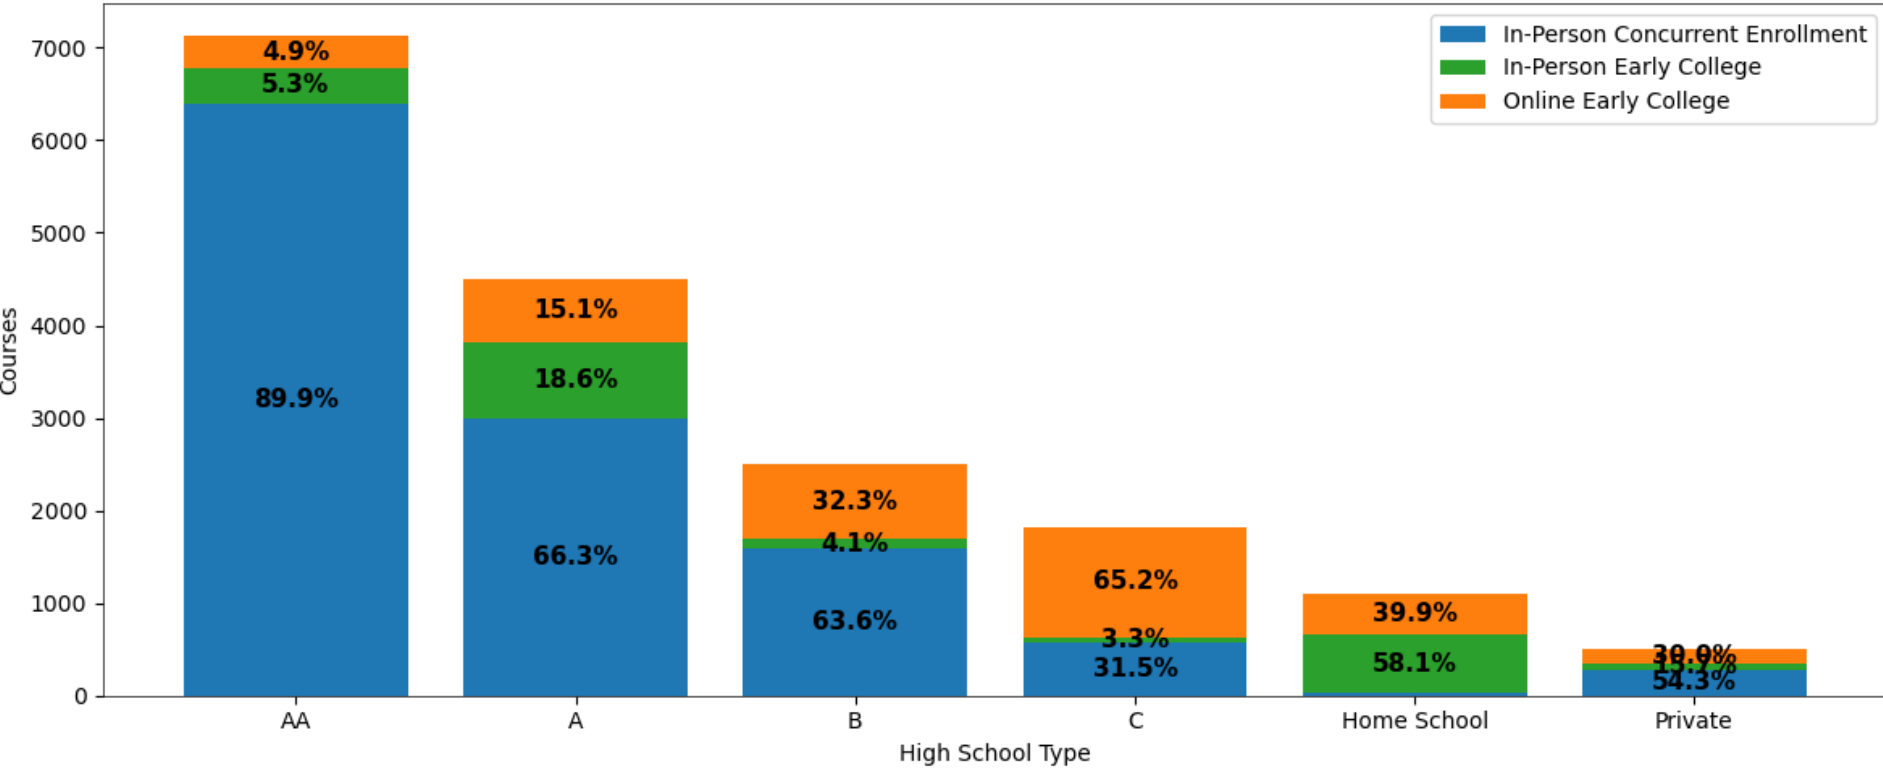

DE Course Modality & Credit Type by Year

Pass Rates = Credit Hours Earned / Credit Hours Taken

Modality & Credit Type	Pass Rates (all years)	2024-25 Pass Rates
In-Person Concurrent	73.2%	82.8%
In-Person Early College	49.4%	74.3%
Online Early College	80.1%	83.8%
Total (all modes)	69.9%	82.3%

2024-25 DE Course Modality & Credit Type by HS Type

Pass Rates = Credit Hours Earned / Credit Hours Taken

Modality & Credit Type	AA	A	B	C	Home School	Private
In-Person Concurrent	82.7%	82.6%	78.6%	85.3%	85.5%	88.5%
In-Person Early College	67.1%	86.3%	73.9%	76.1%	63.4%	56.4%
Online Early College	78.1%	78.8%	83.5%	90.2%	82.1%	79.5%

2024-25 Top 10 Enrolled General & CTE Courses

Top 10 General Courses

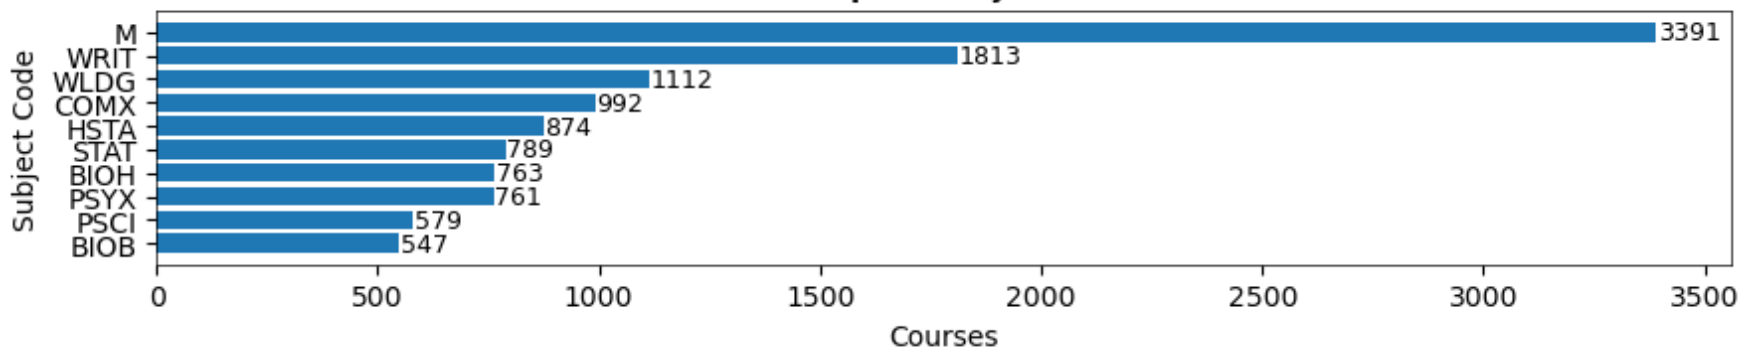

College Writing I
College Algebra
Intro to Statistics
Precalculus
Intro to American Government
American History I
American History II
Intro to Literature
Intro to Psychology
Probability and Linear Math

Top 10 CTE Courses

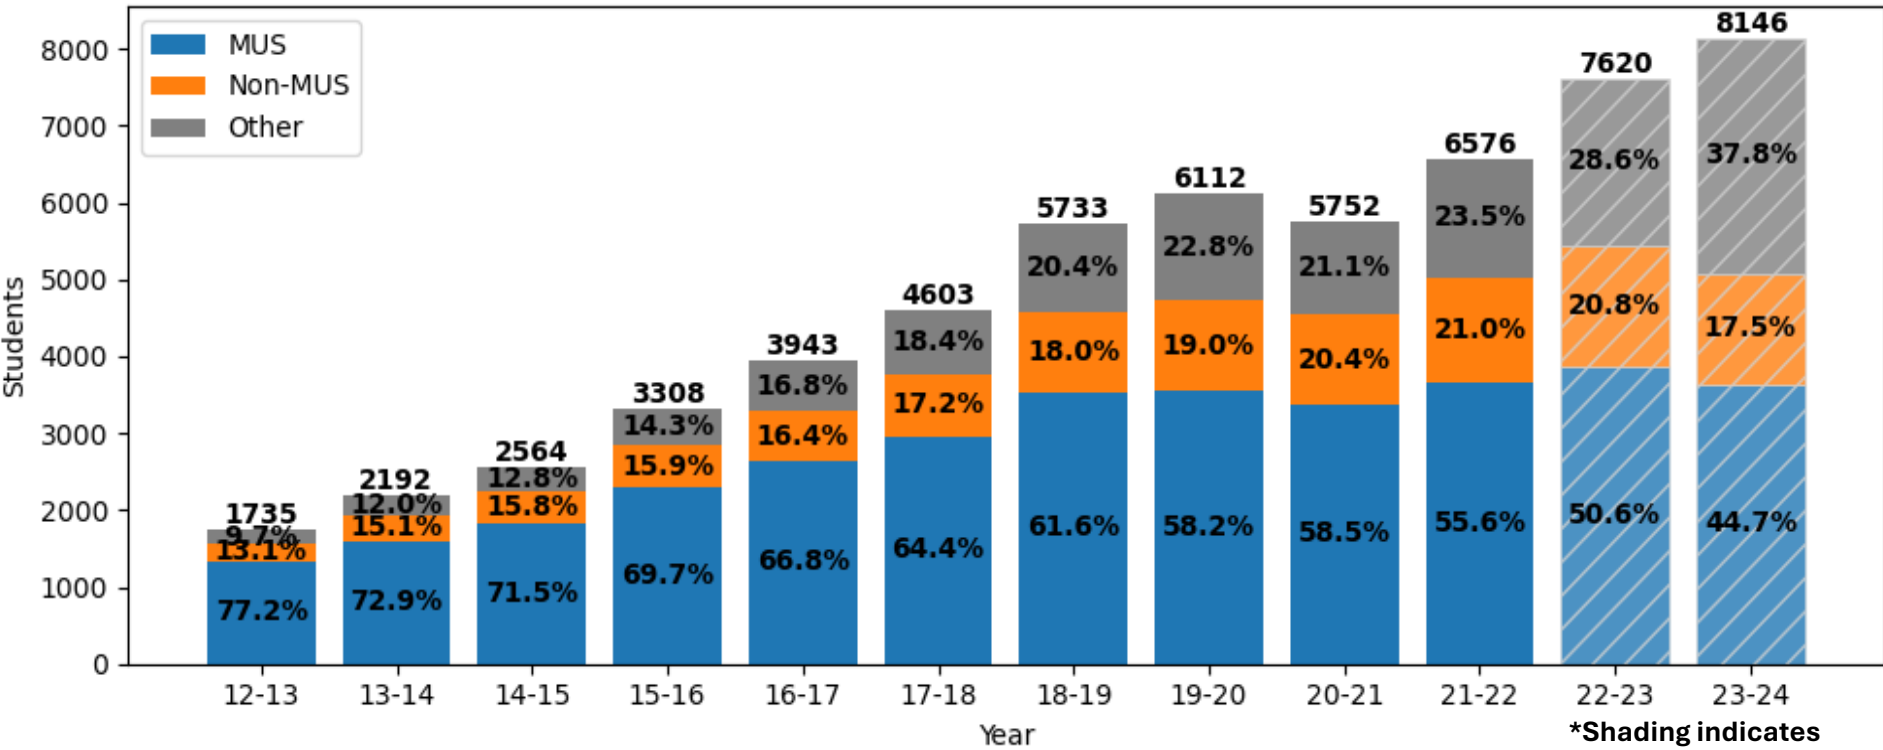

Intro to Public Speaking
Medical Terminology
Welding Theory I Practical
Intro to Business
Welding Theory I
Welding Qualification Test Prep
Career Development & Interpersonal Skills
Intro to Interpersonal Communication
Basic Microsoft Office
Child and Adolescent Development

Top 10 Subjects

NCES 2-digit CTE CIP Codes

Matriculated DE Students by Year

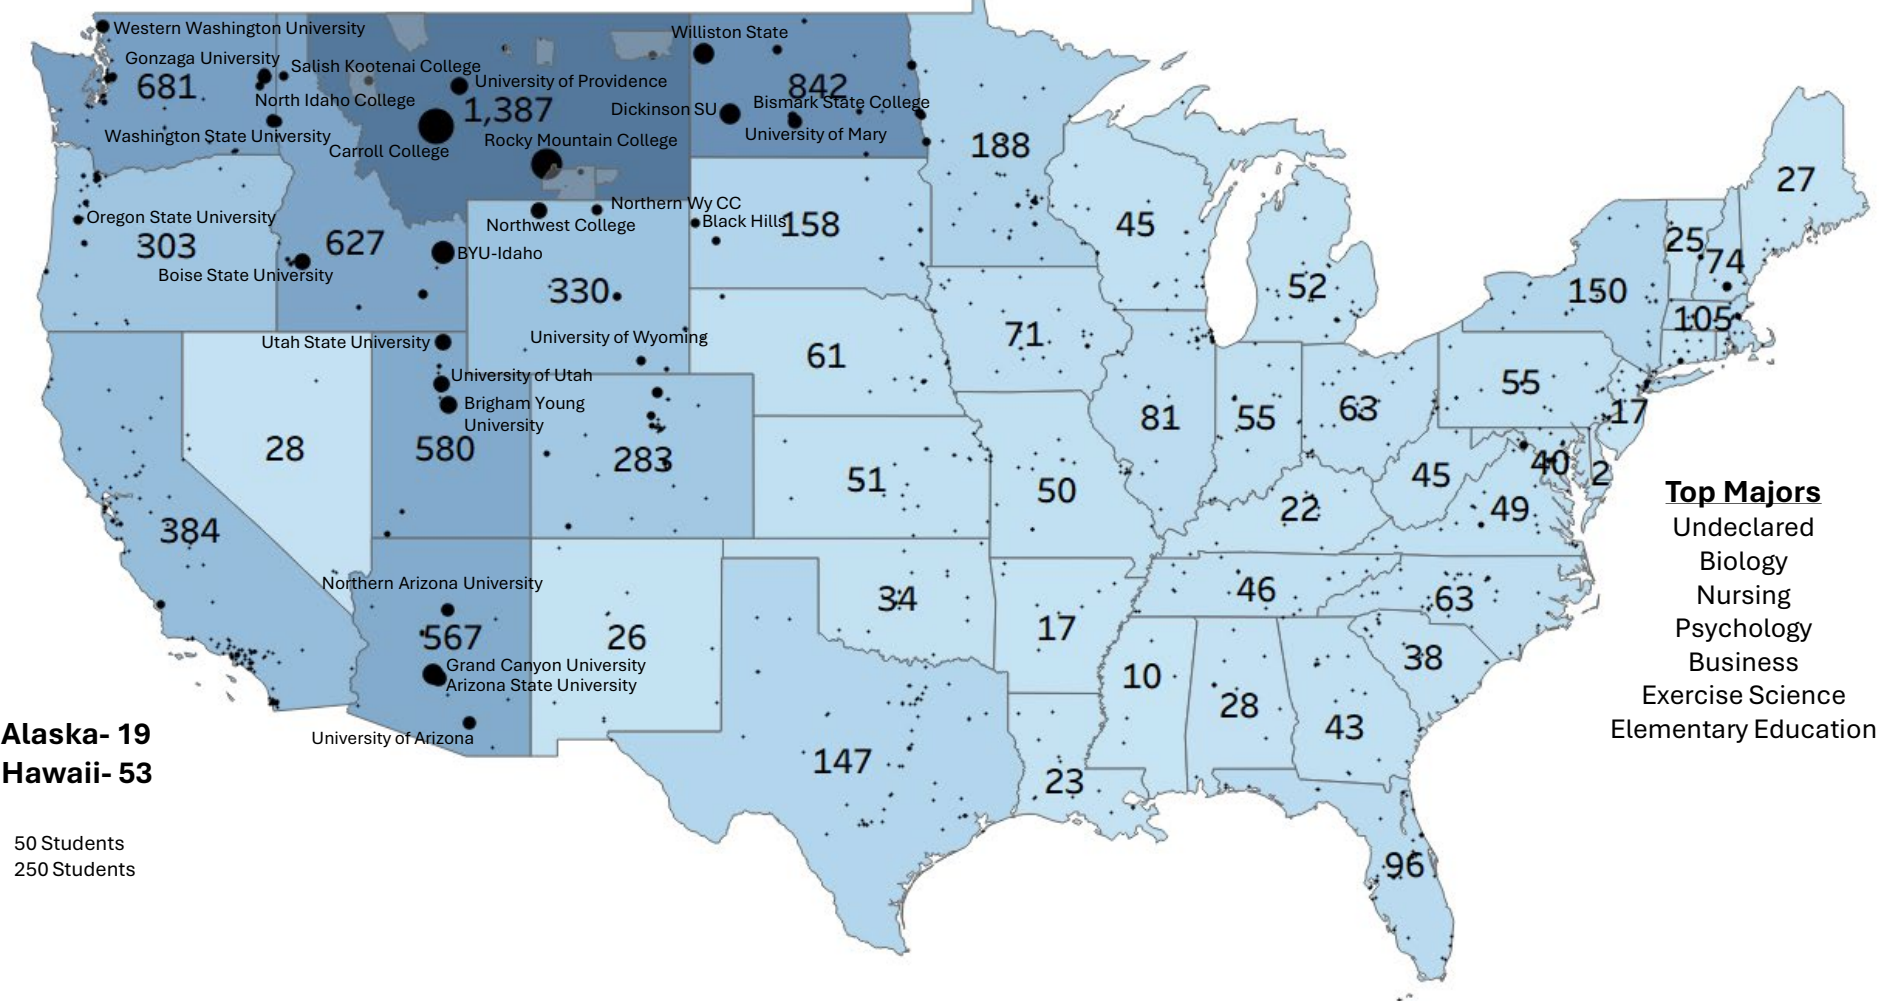

Shading indicates expected growth

Questions	Color
Did the student ever enroll in the MUS?	OCHE Data (includes Fall 2025 CENSUS)
If not, did the student ever enroll outside of the MUS?	Spring 2025 NSC
If neither, then categorized as other	

68.3% of all DE students continue their education and enroll after DE
52.3% of all DE students matriculate into the MUS

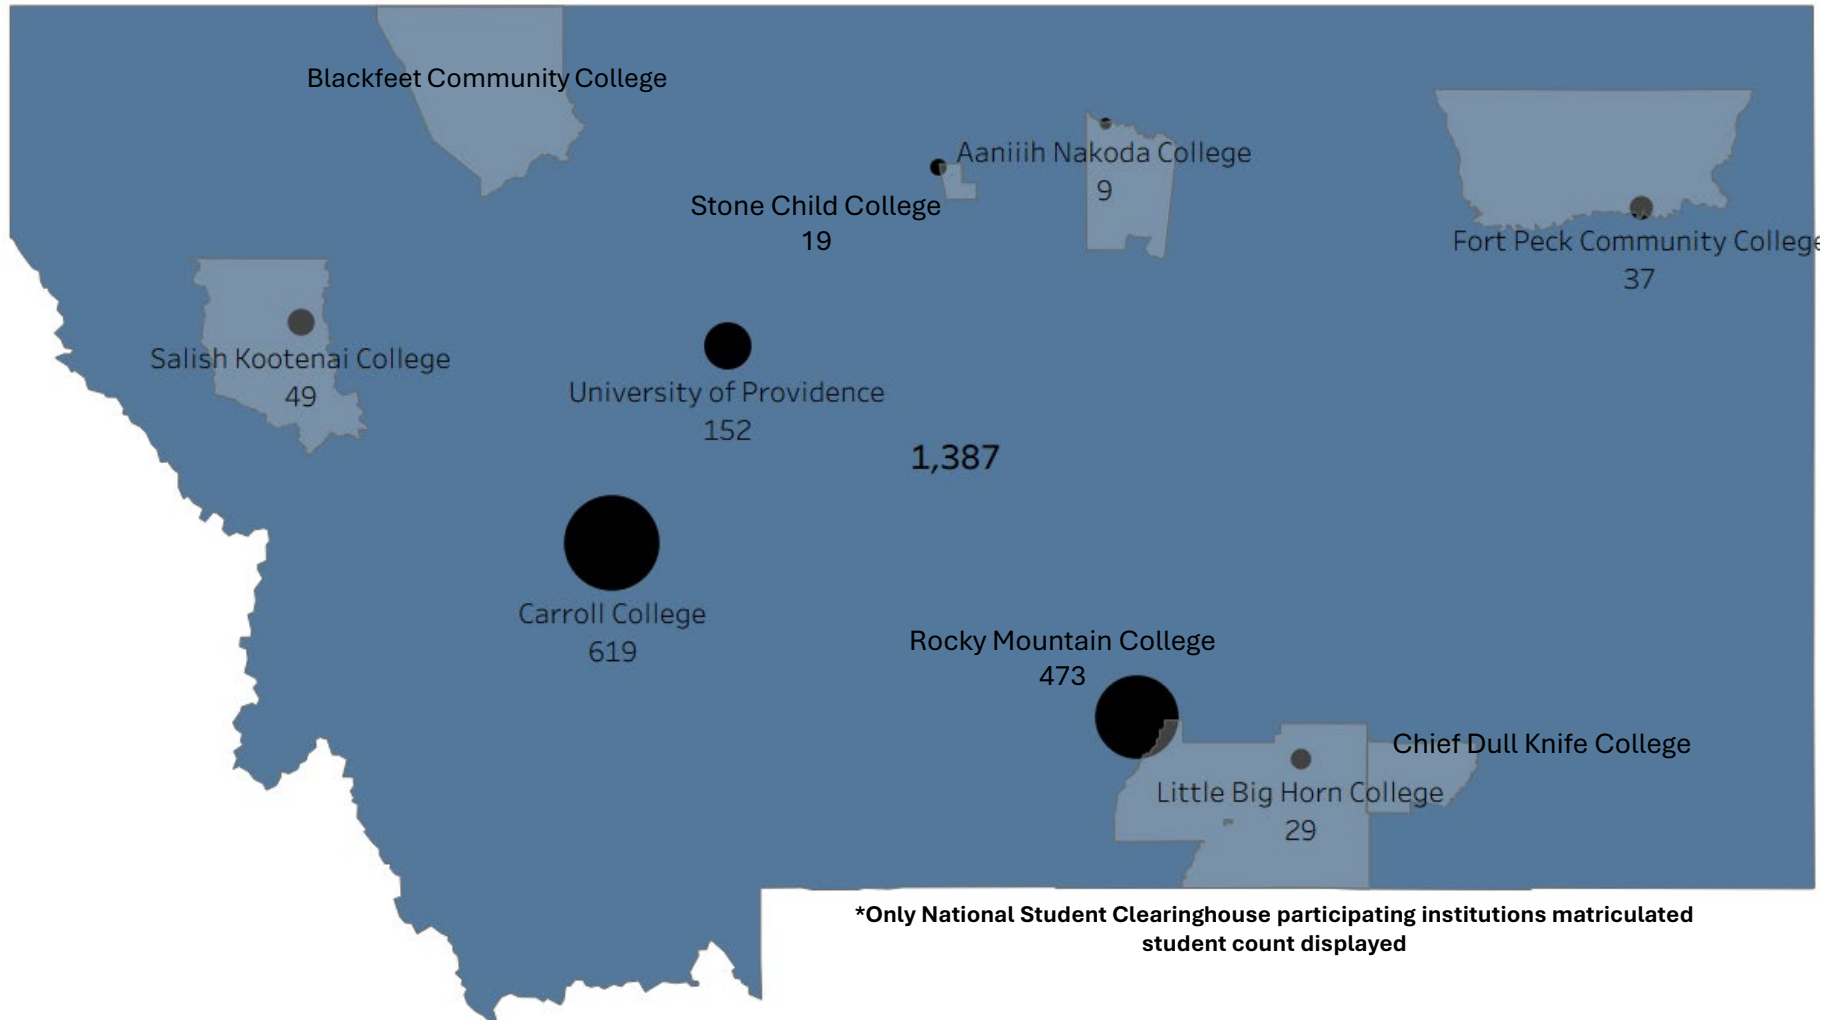

Non-MUS Matriculation

Top 30 Matriculated Institutions Indicated by Name

16.0% of total DE students matriculated outside the MUS

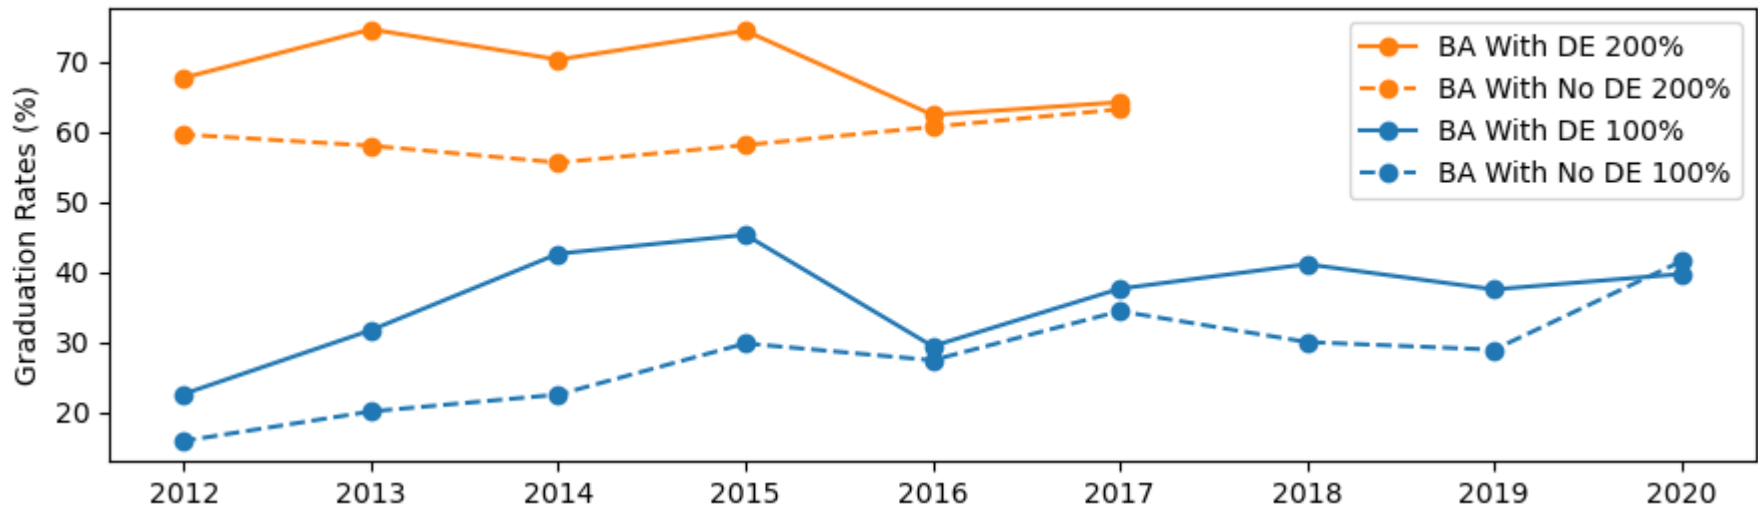

Montana Non-MUS Matriculation

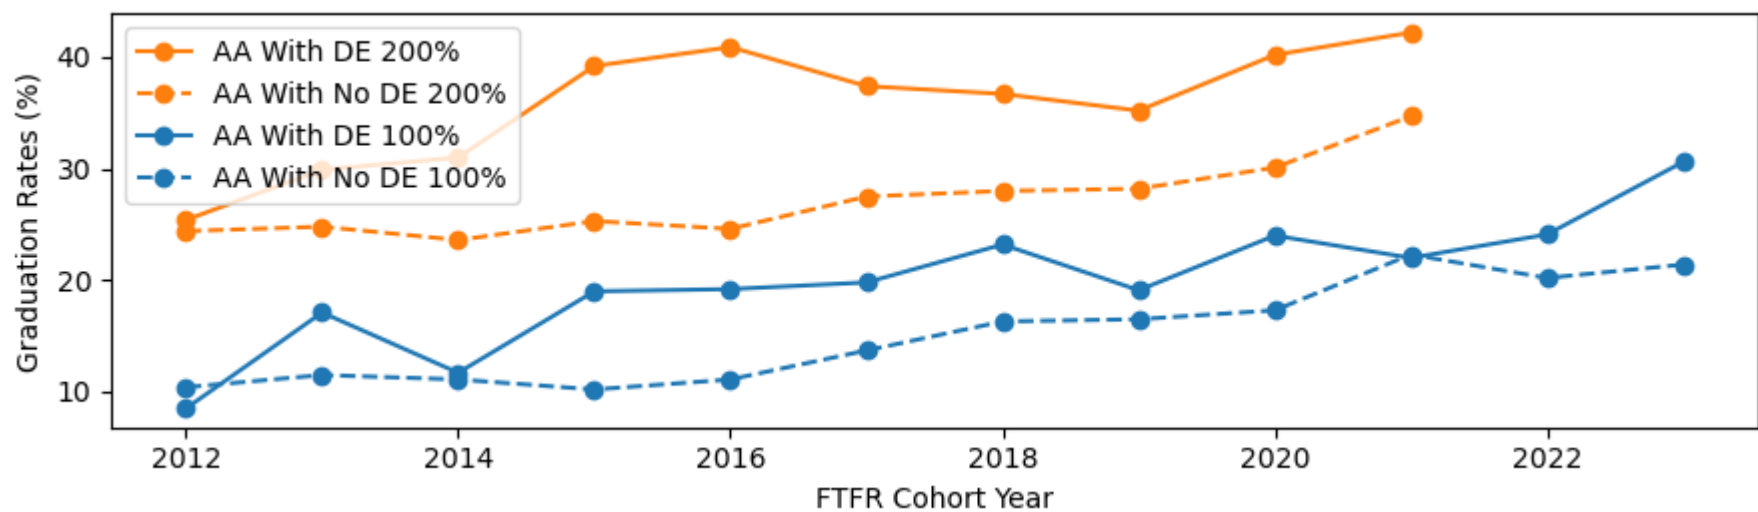

16.8% of non-MUS matriculated students enroll in Montana institutions

DE Students in the MUS: Graduation Rates

100% & 200% Bachelor's Graduation Rates With and Without DE

100% & 200% Associate's Graduation Rates With and Without DE

Key Takeaways

- Continued and sustained growth in Dual Enrollment
- Public participation rates continue to rise (~3% per year)
- In-person concurrent enrollment is the primary credit type for Class AA & A
 - Online early college is the primary credit type for Class B & C schools
- Pass rates continue to increase
- 7/10 students enroll after DE
- MUS students that participated in DE have higher graduation and retention rates

Upon graduation, DE students average \$570 less in student loans per DE credit than non-DE graduates
