To: Chief Academic Officers

From: Joe Thiel  
Deputy Commissioner for Academic, Research, and Student Affairs

RE: Correction to Item #2011-LII0524

---

On June 21, 2024, the Office of the Commissioner of Higher Education, OCHE, was made aware that a submission for a May Level II item was titled incorrectly.

Throughout the approval process, on the Request to Plan Form, and on the Fiscal Analysis Form, Montana State University requested Item #2011-LII0524 to be titled BS in Economics – Environmental Economics and Policy Option. However, the Curriculum Proposal Form, Academic Proposal Request Form, and the Academic Approval Memo from OCHE and the Montana Board of Regents all name the program: BS in Environmental Economics and Policy.

As the change is not substantive, OCHE has approved the intended name and has adjusted the Academic Approval Memo to reflect this request.

Sincerely,

Joe Thiel  
Deputy Commissioner for Academic, Research, and Student Affairs
