MUS Strategic Plan

Graduate Education

Goal Statement
Expand graduate education capacity and opportunities in order to increase educational attainment of Montanans, fuel economic development, grow the research and development enterprise, and contribute to the cultural and social fabric of Montana and the region.

Objective 2.3.1
Increase the number and percentage of graduate students in the Montana University System.

Metric 2.3.1
Graduate Student Enrollment - Student FTE

Source: MUS Data Warehouse; note: graduate FTE includes students enrolled in master’s, doctorate and professional programs

Objective 2.3.2
Increase graduate degree production, maintaining a strong concentration in science, technology, engineering, and math (STEM) fields.

Metric 2.3.2
MUS Graduate Degrees Awarded
