3.000 MSU BILLINGS FACULTY ASSOCIATION / FACULTY RIGHTS

3.100 MSU BILLINGS FACULTY ASSOCIATION RIGHTS

3.130 AGENCY SHOP

Each member of the bargaining unit shall be expected to exercise one of the following four options:

- A. Become a member of the agent's organization, i.e., the MSU Billings Faculty Association, and pay dues accordingly;
- B. Pay a "fair share" fee determined by the Faculty Association to be the amount required for representation in collective bargaining matters;

- C. Make a contribution of an amount equal to membership dues to a nonunion charity to be determined by the Faculty Association;
- D. File a written statement with the President of the Faculty Association that they elect none of the above options if they, as a matter of conscience are opposed.

Any faculty member who fails to choose one of these options within ninety days of employment shall be subject to civil action by the Faculty Association for damages.

The Administration shall deduct Faculty Association dues, fair share fee, or charity contribution from the salary of each faculty member who has voluntarily authorized such deduction in writing. Upon receipt of the payroll deduction authorization card, the Administration shall begin the deduction and shall deliver all moneys thereby collected along with an itemized list to the Treasurer of the Faculty Association who shall certify to the Payroll Office what the rates are to be for that academic year.

The Faculty Association shall protect and hold harmless the University from any and all claims, demands, suits, or any costs or fees related thereto, by reason of the Faculty Association's performance or enforcement of the provisions of this section.

Neither the Commissioner, the Administration, nor the MSU Billings Faculty Association shall be required without an effective written waiver to provide each other with information which is privileged, confidential, or which would require the revelation of personal information of a private nature or which has been gathered or prepared specifically for purposes of preparing for or conducting collective bargaining. Voluminous information shall be made available for inspection where it is normally kept or upon request shall be provided to the other party at cost.

Other campus groups or administrators shall upon request furnish the MSU Billings Faculty Association copies of any proposed policy changes which the MSU Billings Faculty Association feels may be in conflict

with this Agreement. If the campus group or administrator feels that the MSU Billings Faculty Association should not be entitled to such proposed changes, the issue shall be referred to the Faculty Administration Collaborative Committee (FACC) or if appropriate, made subject to the grievance procedure.

The MSU Billings Faculty Association shall have full and timely access to the Board of Regents agenda and approved minutes.

Nothing contained herein shall prevent the President of the MSU Billings Faculty Association from consulting with the Chancellor at times, other than those set forth above, if matters arise of an urgent or emergency nature within the area of collective negotiations.

The MSU Billings Faculty Association shall be permitted to meet at the University and use University meeting facilities at no charge.

3.200 ACADEMIC FREEDOM

The parties to this Agreement recognize and accept the importance of academic freedom to faculty members.

In accordance with Board of Regents Policy 302, faculty are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties; but research for pecuniary return should be based upon an understanding with the Administration of the institution. Faculty are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter which has no relation to the subject. A faculty member is a citizen, a member of a learned profession, and an officer of an educational institution. When faculty speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and educational officers, faculty should remember that the public may judge their profession and their institution by their utterances. Hence faculty should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not institutional spokespersons.

3.300 PERSONNEL FILE

The personnel file kept in the Chancellor's Office is the only official personnel file. All faculty members have the right to inspect the contents of their personnel file and to insert a reasonable amount of material, but they have no right to remove any documents contained in the file. The Academic Vice Chancellor/Provost may impose a reasonable limit on the amount of material the faculty member may add. The material a faculty member wants included in the file shall be forwarded to the office of the Academic Vice Chancellor/Provost.

4.000 MANAGEMENT RIGHTS

The Board of Regents through its agent the Commissioner of Higher Education acting in this Agreement on behalf of Montana State University Billings, shall have the following rights to determine the structure, missions, policies, and purposes of Montana State University Billings except as modified by this Agreement (39-31-303, MCA):

- A. To direct faculty;
- B. To hire, promote, transfer, assign and retain faculty;
- C. To relieve faculty from duties because of lack of work or funds or under conditions where continuation of such work would be inefficient and nonproductive;
- D. To maintain the efficiency of Montana State University Billings operations;
- E. To determine the methods, job classification, and personnel by which Montana State University Billings operations are to be conducted;
- F. To take whatever actions may be necessary to carry out the missions of Montana State University Billings in situations of emergency;
- G. To establish the methods and processes by which work is performed.

5.000 STUDENT RIGHTS

The Commissioner, the Administration, and the MSU Billings Faculty Association recognize that students are a vital factor in efforts to maintain and improve the quality of education available at Montana State University Billings. It is understood by the parties that open communications with the student body are critical and that inclusion of students in the process of recommending decisions or policy is both necessary and desirable.

5.100 STUDENT MEMBERSHIP ON COMMITTEES

- A. Students shall be represented on Academic Senate Standing Committees, Administrative Support Committees, and other committees as specified in the Academic Senate Bylaws.
- B. Students shall be represented on Search Committees and Department Rank and Tenure Committees as specified in Sections 7.400 (Hiring Procedures) and 9.211 (Participation of Students) of this Agreement.

5.200 STUDENT PARTICIPATION IN COLLECTIVE BARGAINING

Students may participate in the collective bargaining process in accordance with state law.

5.300 STUDENT ORGANIZATIONS

All parties shall recognize, support, and work cooperatively with the ASMSU Billings Senate and other chartered student organizations. Properly authorized students shall not be unfairly disadvantaged because of participating in such activities, however the students shall be responsible for all academic work assigned.

5.400 STUDENT COMPLAINT RESOLUTION PROCEDURE

Where a student has good cause to believe that s/he has a complaint s/he may utilize the Student Complaint Resolution Procedure found in the Student Handbook. A complaint against a faculty member shall not result in forfeiture of said faculty member's rights and responsibilities as protected under the CBA. Any changes in the student handbook that may affect faculty rights and responsibilities as protected under the CBA must be approved by the FACC prior to implementation.

6.000 SHARED GOVERNANCE

6.100 GENERAL PRINCIPLES

While the final authority for the governance of Montana State University Billings is vested in the Board of Regents of Higher Education, it is recognized by the Board that faculty and students should participate in the formation of its academic policy. It is understood this article contains joint statements of philosophy which shall not be grievable.

6.200 FACULTY ADMINISTRATION COLLABORATIVE COMMITTEE (FACC)

The FACC is formed to act as an ongoing collaborative committee to address faculty working conditions and personnel related issues that affect faculty, administration, students and other constituencies at Montana State University Billings. The FACC will be empowered to initiate, formulate, and interpret contract issues between the Montana State University Billings Faculty Association and the University Administration on an ongoing basis.

6.210 MEMBERSHIP

Membership in the FACC shall consist of four members from the University Administration, and four members appointed by the MSU Billings Faculty Association. Other resource people may be included on an “as needed” basis.

6.220 PROCESS

The University Administration will have one vote and the MSU Billings Faculty Association will have one vote. All issues must be decided unanimously. The process will follow the general guidelines governing collaborative bargaining.

The FACC members will maintain confidentiality of issues under discussion.

For issues on which the University Administration and the MSU Billings Faculty Association cannot agree, the current contract will rule.

6.230 DISSEMINATION

The MSU Billings Faculty Association will be responsible for all necessary communication with the members of the Faculty Association. The MSU Billings Administration will be responsible for all necessary communication with the students, Administration and the Board of Regents.

6.240 RATIFICATION AND REVIEW

Issues relating to the contract or policy changes will be subject to a first and second reading before adoption. The second reading shall not occur until at least two weeks following the first reading during which time the proposal(s) shall be publicly posted (on the web and/or through email). All responses will be reviewed by the FACC prior to the second reading.

Proposals passed on the second reading will become effective immediately on a trial basis until formally ratified by the membership of the Faculty Association, the Administration, and the Board of Regents. The Faculty Association Ratification vote will occur before the close of the spring term each year.

6.250 MEETINGS

For consistency, meetings shall be scheduled at the same time each week and shall occur as often as necessary to resolve issues on the agenda. The chair will be designated from among the members of the

committee and will generally rotate on an annual basis between the University Administration and the MSU Billings Faculty Association.

6.260 SUBCOMMITTEES

The FACC may appoint and empower subcommittees to address specific issues. Membership on the subcommittees need not be comprised of those on the FACC.

6.270 AGENDA SETTING

A formal agenda will be set and disseminated to members of the FACC prior to the meeting. Any member of the FACC may bring an issue to the committee for consideration. Members may bring issues to the committee on behalf of constituents. The FACC will determine which issues are appropriate to be addressed by the committee. At the beginning of each meeting the chair shall propose, and the members shall agree, on an order of the agenda items to be considered at the meeting.

6.280 PROCESS PRECEDENTS

The FACC shall establish and rely on precedents in the consideration of issues brought before it. A public database (FACC Minutes) shall be established to catalog and maintain the issues and their resolutions may be relied upon to maintain consistency and due process in the future. However, while the FACC may consider consistency and precedents in developing policies and rendering decisions, it may choose to establish new precedents as the need arises.

6.300 ACADEMIC SENATE

The MSU Billings Faculty Association as the elected bargaining agent retains exclusive right to negotiate and reach agreement on all matters pertaining to salaries, benefits, and terms and conditions of employment. Without waiving this right, the MSU Billings Faculty Association and the Board recognize the desirability of a system for faculty participation in areas of academic concern. To this end the parties recognize the role of and will work cooperatively with the Academic Senate. The Academic Senate shall be democratically elected and function as a representative body whose structure and membership must be approved by the faculty as a whole. The Academic Senate shall have the responsibility to make recommendations to the Chancellor on all academic matters and related issues. Recognizing that the Chancellor and the MSU Billings Faculty Association both have a vested interest in the Academic Senate's

actions, they or their representatives shall be provided an opportunity to address the Academic Senate on any matters upon proper notice.

6.400 ACADEMIC ADMINISTRATION SEARCH COMMITTEES

Faculty shall be included on search and screening committees that are convened by the Chancellor to fill academic administrative vacancies. The Chancellor shall invite nominations from the Faculty Association and the Academic Senate.

9.332 RESPONSIBILITY FOR APPLICATION

The responsibility for submitting an application for rank advancement or tenure, and for adequately documenting the application, rests with the individual faculty member. Failure by the faculty member to adequately document his/her achievements and readiness for rank advancement or tenure shall result in a negative recommendation. The committee or administrator performing the review may request a faculty member to provide additional documentation in support of his/her application. A faculty member

so requested shall have a maximum of five working days to provide the additional documentation. Additional time may be requested. Adequate documentation should include, but is not limited to: narrative sections per performance area, a philosophy of teaching statement, and an analysis of teaching excellence substantiated by, but not limited to, student assessment of faculty teaching, and a minimum of two annual peer reviews of teaching performance, one of which is conducted, preferably, by a colleague outside the faculty member's unit or department.

- A. Assistant Professor to Associate Professor: Six academic years of full-time service, which may include up to two years of full-time service at other four-year institutions of higher education as provided for in Section 7.111 (Credit for Prior Service) plus four academic years full-time service in the rank of Assistant Professor at Montana State University Billings, plus continued success in meeting the criteria in 9.310 (General Criteria) and the unit criteria since the last rank advancement or the initial appointment whichever is more recent are required. Application for tenure may be considered a simultaneous application for rank advancement during an individual's sixth year of full-time probationary service. An application for rank advancement may be presented for consideration at the same time as an application for tenure.
- B. Associate Professor to Professor: Tenure, plus a minimum of four years of full-time service in rank as an Associate Professor at Montana State University Billings, plus strong continued success in meeting the criteria in 9.310 (General Criteria) and the unit criteria since the last rank advancement. Advancement to the rank of Professor is the ultimate recognition of mature academic qualifications and experience as defined in the unit criteria. Applications may be made in the fourth year.

9.334 CRITERIA FOR TENURE

The granting of tenure is not solely a reward for services performed during the probationary years, but is an expression of confidence that a faculty member will continue to be a valued colleague, an outstanding teacher and an active scholar or artist. Accordingly, tenure should be based upon a thorough evaluation of faculty performance during the probationary years.

The same criteria as set forth in Section 9.310 (General Criteria) and the department criteria shall be followed by all parties in the process of evaluating candidates for tenure, with these additional requirements:

- A. Tenure applications shall be submitted in the sixth probationary year. The total time period of full-time service prior to the acquisition of continuous tenure shall not exceed six academic years of full-time service, which may include up to two years of full-time service at other four-year institutions of higher education as provided for in Section 7.111 (Credit for Prior Service). Four academic years of full-time service at Montana State University Billings are required before making an award of continuous tenure.
- B. The evaluation period for tenure shall be the entire term of employment in probationary status at Montana State University Billings. Service under full-time temporary appointments at Montana State University Billings for a period not to exceed two years immediately preceding the faculty member's initial probationary appointment may at the faculty member's option be considered in the tenure evaluation. However, the faculty member must exercise this option in writing in the first probationary evaluation.
- C. A faculty member shall be eligible for consideration for tenure if s/he holds at least the rank of Assistant Professor at the time of application for tenure.
- D. Extension of the Tenure Review Period:
 1. The tenure review period is the time between the date of hire and the date of tenure review established in the letter of appointment. This period may be extended as outlined below, either through the automatic extension process or requested extension process, provided that no combination of extensions may be granted for more than three years total per faculty member.
 2. The tenure review period is extended automatically for one year for the following reasons:
 - a. Childbirth, adoption or placement of a foster child in the home (applicable to both parents).
 - b. Serious illness of the faculty member, his or her child, foster child, spouse, domestic partner, parent or other individual for whom the faculty member serves as a primary caregiver or legal guardian.
 - c. Death of a child, foster child, spouse, domestic partner, parent, or other individual for whom the faculty member serves as a primary caregiver or legal guardian.

- d. Full-time military service.
 - 3. "Serious illness" refers to an illness, injury, impairment or physical or mental condition that involves:
 - a. Inpatient care in a hospital, hospice or residential medical care facility that significantly limits the faculty member's available time to devote to teaching, service and scholarly development.
 - b. Continuing treatment by a health care provider – generally, such treatment includes treatment of, or recovery from, a serious health condition that significantly limits the faculty member's available time to devote to teaching, service and scholarly development.
 - 4. Conditions for which cosmetic treatments are administered, the common cold, the flu, upset stomach and minor injuries are examples of conditions that do not meet the definition of serious illness or health condition. Continuing treatment by a health care provider does not include routine physical, dental or eye exams.
- E. Automatic extension of Tenure Review Period:
- 1. When a faculty member notifies the department chair and college dean about an event that qualifies for automatic extension of tenure review (no later than 12 months after the event) the department chair is responsible for informing the faculty member, the college dean and the provost that the tenure review will be automatically extended by one year. The provost's office will notify the faculty member and the department chair of the faculty member's revised tenure review date.
 - 2. The faculty member may opt out of the automatic extension any time before July 31 prior to the designated academic year of review by submitting a written request to the department chair. The department chair will inform the college dean and provost of the request.
 - 3. If the automatic extension is for a serious illness of the faculty member or other family member, the university may request documentation of the serious illness.
- F. Requested Extension of Tenure Review Period:
- 1. Any faculty member may request a one academic year extension of her or his tenure review period for unanticipated circumstances that significantly limit the faculty member's available time to devote to teaching, service and scholarly development other than an event that qualifies for automatic extension. Such circumstances may include administrative or special assignment given by the university, or similar unanticipated circumstances.

2. A faculty member may request a one academic year extension of his or her tenure review period by submitting a written request to the department chair as soon as possible after the need for extension arises but no later than 12 months after the need arises, or the July 31 prior to the designated academic year of review, whichever is earlier.
3. The extension of the designated tenure review date must be approved in writing by the department chair, college dean and the provost. If approved, the provost's office will notify the faculty member and department chair of the faculty member's revised tenure review date.

G. Standards for Review of Faculty Receiving Extension:

1. When a faculty member extends her or his review date, the standards for review are the same as if he or she had not received an extension and the extension does not increase the expectations of performance for that faculty member.
2. All reviewers of tenure review materials should evaluate the productivity of each candidate who has been granted an extension as if he or she had been in probationary status for the usual duration so that the candidate is not penalized for having received the extension.

9.335 TIME ON LEAVE OF ABSENCE

Time spent on authorized leave of absence will be creditable for the purpose of determining eligibility for rank advancement and/or for tenure only if approved by the Chancellor of the University. A faculty member wishing to have the time credited shall submit a report of activities undertaken during the leave to the Department Chair who shall make a recommendation to the Dean. The Dean shall evaluate and recommend to the Academic Vice Chancellor/Provost who shall make a recommendation to the Chancellor. The determination of the Chancellor shall be final. A faculty member may elect not to credit such time for the purpose of determining eligibility for rank advancement and/or for tenure. The faculty member must indicate his/her decision in writing to the Academic Vice Chancellor/Provost by the end of the first academic term, excluding summer following the return to the University from the leave without pay.

3. In the area of research and creative endeavor, the report shall include an enumeration of publications, performance, exhibits, presentations, etc., for the period covered.
 4. In the area of service, the report should include an enumeration of the service activities for the period covered (9.500 Evaluation Procedures Based on Previous Contracts).

Typically, the report will be three to five pages in length excluding attachments. Supporting documentation other than the numerical summaries of student assessments is not required at this point but may be requested by the Department Rank and Tenure Committee, the Dean or the URTC.
- D. Within thirty days of the receipt of the faculty member's report, the Department Rank and Tenure Committee shall prepare and submit to the faculty member and to the Dean a written assessment of the faculty member's performance in the areas of teaching, research and service. The written assessment submitted to the Dean shall be accompanied by the faculty member's report and supporting documentation. Within fifteen calendar days of the receipt of the DRTC assessment, the Dean will submit his/her written assessment of the faculty member's performance to the DRTC and the faculty member. - E. Should the assessments of the Department Rank and Tenure Committee and the Dean differ over the designation of the faculty member's performance as being meritorious/exceptional, meets expectations, or unsatisfactory, the University Rank and Tenure Committee will conduct the necessary review to reconcile the conflict and report its findings within ten days to the faculty member, the DRTC, the Dean and the Vice Chancellor/Provost. The decision of the URTC will be final.
- F.  7. The plan of improvement shall be approved and signed by the faculty member, the Chair of the Department Rank and Tenure Committee, the Department Chair and the Dean. If the faculty member does not agree with the plan of improvement, the faculty member may appeal the matter to the URTC within five working days for a final determination. The URTC shall meet with the parties within five working days of receiving the appeal if requested to do so.
- H. Refusal of the faculty member to submit supporting documentation if requested by the DRTC, the Dean or the URTC, or failure to make the needed improvements shall result in a recommendation by the DRTC, the Dean or the URTC through the Provost to the Chancellor of the University for disciplinary sanctions. If a faculty member refuses to participate in the plan of improvement or in the process to remediate performance outlined herein, the Chancellor may initiate termination proceedings by referring the matter to the Committee on Service.

- I. Within thirty days after the period of time specified in the plan of improvement, the faculty member shall submit a follow-up report to the Department Rank and Tenure Committee and the Dean in which s/he indicates and substantiates the extent to which the plan has been completed.
- J. If the Department Rank and Tenure Committee and the Dean conclude that the report demonstrates the accomplishment of the required improvements, the Department Rank and Tenure Committee and the Dean shall notify the faculty member and the Provost of their findings. If the Department Rank and Tenure Committee or the Dean judges the report to reflect an inadequate degree of accomplishment of the purposes of the plan of improvement, either shall write a recommendation pointing out the specific shortcomings and may recommend to the Chancellor of the University:
1. Disciplinary sanctions against the faculty member; or
 2. Imposition of a salary freeze for one year. At the end of that academic year the faculty member may submit to the Department Rank and Tenure Committee a follow-up report and the process is repeated from 9.710 above.
 3. If a faculty member fails to make satisfactory progress in addressing performance deficiencies as determined by the DRTC and the Dean or by the URTC within the timeframe specified in the plan of improvement, the Chancellor may initiate termination proceedings by referring the matter to the Committee on Service. If a faculty member's post tenure review results in an unsatisfactory performance assessment, the entire evaluation proceedings shall become part of the faculty member's official personnel file.

- C. A physician's certificate or other evidence to substantiate sick leave charge may be required by a faculty member's academic supervisor or appointing authority.
- D. Disabilities caused or contributed to pregnancy, miscarriage, abortion, childbirth, and recovery therefrom are for all job-related purposes temporary disabilities and should be treated as such under any health or temporary disability insurance or sick leave plan available in connection with employment.

- E. Any non-instructional days that fall during a period that a faculty member is on sick leave will be charged as a holiday and not taken off the total accumulated sick leave.
- F. Abuse of sick leave occurs when a faculty member misrepresents the actual reason for charging an absence to sick leave or when a faculty member uses sick leave for unauthorized purposes.
- G. The Administration must be able to substantiate any charge of sick leave abuse that results in disciplinary action.

12.120 EMERGENCY SICK LEAVE

Emergency sick leave is defined as a necessary absence due to:

- A. Illness of a member of the immediate family of the faculty member requiring the attendance of the faculty member until professional or other attendance can be obtained; or
- B. Death of a member of the faculty member's immediate family.

12.130 FACULTY MODIFIED DUTIES

Eligibility: All full-time tenure-track/tenured faculty are eligible for FMD when they are the primary caregiver related to the following life events:

1. The birth, adoption, or foster care placement of a child.
2. The sickness or disability of a family member such as a spouse, parent, live-in partner, or child who requires constant care by the primary caregiver.

For purposes of this policy, a primary caregiver can be a parent, a legal guardian, a live-in partner, or a spouse by marriage. The primary caregiver is the person who has primary responsibility for the care of a child, sick or disabled family member. Human Resources will determine what medical documentation may be required to verify a family member's health condition and subsequent eligibility for modified duties.

- A. Modification of Faculty Duties:
 1. FMD is intended to assist faculty experiencing major life transitions by providing a release from teaching or other appropriate duties for up to one semester without a reduction in pay and without an expectation of enhancement of other duties. Modifications may include a release from a portion of or all teaching duties for all or part of the semester and/or an adjustment to the faculty member's service and/or scholarly development expectations.
 2. If the modification of duties takes the form of a complete or partial release from teaching, the modification shall, when possible, be arranged to coincide with the semester calendar (or

appropriate teaching module in effect in the faculty member's unit) to ensure classroom continuity and to minimize disruptions for students as much as possible.

3. If a foreseeable event such as the birth or adoption of a child or a major surgery is expected to occur during the last six weeks of the semester, the faculty member may request modified duties for either the semester during which the event occurs or the following semester.
 4. The period of modified duties must begin within twelve months of the triggering event.
- B. Process for Modification of Faculty Duties:
1. A faculty member seeking modified duties shall inform her/his department chair at least three months prior to the semester in which modification will be needed, or as early as is possible depending on the nature of the triggering event.
 2. The faculty member, department head, and dean shall work together to set the terms of the modified duties.
 3. The FMD shall not release the faculty member from more than 50% of the faculty member's normal work load for the academic year.
 4. If the faculty member seeks a full release from teaching for a semester, and the faculty member normally teaches an uneven load from semester to semester (e.g. 3-4), it is permissible for the dean and department head to shift the faculty member's course load so that the release from teaching applies to the lower course load.
 5. The department head shall issue a memorandum of understanding establishing the expectations for the semester in which the modified duties occur. The annual review shall be based upon the modified duties only and the duties excused will not be included in the review.
 6. The department head shall complete the request for FMD and submit it to the dean and provost for approval.
 7. The period of modified duties is not a leave of absence. Faculty members with modified duties stats will be relieved of some responsibilities but will be expected to perform the responsibilities that have been identified as remaining.
 8. No faculty member shall experience reprisal for exercising the right to faculty modified duties.
 9. Faculty Modified Duties (FMD) is NOT an employee benefit or leave as defined under the Family Medical Leave Act (FMLA). Furthermore, modification of duties under this policy does not preclude or require use of other defined benefits, such as sick leave, nor modification of duties mutually arranged by faculty and the department head without opting for FMD.

- C. FMD Pool: The University will provide a pool for funding faculty modified duties. Where and when possible, the funding will be applied so that FMD in any unit:
 - 1. Results in hiring of faculty to replace necessary teaching responsibilities;
 - 2. Does not result in cancellation of required classes;
 - 3. Does not result in an increased teaching load for any unit faculty, unless by volition.
- D. Other Resources: A period of modified duties does not affect a faculty member's tenure review date; however, the faculty member is entitled to certain automatic and requested extensions of the tenure review period as outlined in the Extension of the Tenure Review Period policy (section 9.334).
- E. These guidelines do not take the place of policies and other resources that may be appropriate including reasonable accommodation, parental and maternity leave, sick leave, family medical leave, disability benefits, or other leave processes available to faculty. Questions regarding benefits and leave policies should be directed to Human Resources.

12.200 OTHER COMPENSATED LEAVES

12.210 PERSONAL LEAVE

Compensated personal leave up to five working days (40 hours) per contract year may be granted to members of the bargaining unit by the appropriate Dean upon written request of the faculty member. The written request must specify the dates and exact classes and other assignments to be missed and specify how missed classes and other assignments are to be covered. Personal leave is not chargeable against any other leave credits, is not cumulative or compensable, and may not be approved for vacation, recreation purposed, or boycott activity or absences from work in sympathy for concerted activities.

12.220 MILITARY LEAVE

A faculty member who is a member of the organized militia of this state or who is a member of the organized or unorganized reserve corps or military forces of the United States and who has been an employee for a period of six months shall be given a leave of absence with pay for a period of time not exceed fifteen working days in a calendar year for the purpose of attending regular encampments, training courses, and similar training programs of the organized militia or of the military forces of the United States.

12.300 NON-COMPENSATED LEAVES

12.310 LEAVE OF ABSENCE WITHOUT PAY

Faculty members who have completed two years of service at Montana State University Billings shall be eligible to apply for leaves of absence without pay for the purpose of research, education, travel, related work in other institutions or private business organizations, or for the purpose of engaging in other activities that will improve the faculty member professionally and directly or indirectly benefit the University, the University System or the state. Applications shall be submitted through the Department Chair, the appropriate Dean, and the Academic Vice Chancellor/Provost to the Chancellor. If the application is submitted at least one year before the leave is to commence, the leave shall be granted unless the Chancellor determines that substantial detriment to the University will result. The Chancellor shall make the final campus decision, inform the applicant, and transmit his/her decision to the Board of Regents in time for consideration at its next regularly scheduled meeting. Normally, leaves of absence shall not be for more than two years. Time spent on a leave of absence may be credited toward rank advancement and tenure in accordance with Section 9.330-9.335 (Special Criteria for Rank Advancement and Tenure through Time on Leave of Absence).

A faculty member on leave of absence without pay shall be permitted to contribute to the retirement and group health plans during the period of absence in accordance with applicable state laws and regulations.

By February 1st, a faculty member on a leave of absence without pay must:

- A. Inform the Academic Vice Chancellor/Provost in writing of his/her intention to return or not to return to full-time service with the University at the conclusion of the leave; or
- B. Request in writing an extension of the leave.

Failure to provide timely notice or to request an extension of the leave may result in the lapse of the contract of employment and loss of tenure rights. Prior to any loss of tenure rights, the Administration shall send written notice of its intention to the faculty member by certified mail. The faculty member shall have twenty calendar days from the date of mailing to confirm the date of his/her return from leave in order to retain tenure rights.

12.320 PUBLIC SERVICE LEAVE

Faculty members elected or appointed to public office shall be entitled to a leave of absence without pay not to exceed one hundred eighty days per year while performing public service.

12.400 JURY SERVICE AND SUBPOENA LEAVE

Each faculty member who is under proper summons as a juror shall collect all fees and allowances payable as a result of the service and forward the fees to the University Business Services office. Juror fees shall be applied toward the amount due the faculty member from the Administration. However, if a faculty member elects to charge his/her juror time off to a leave of absence without pay, the faculty member shall not be required to remit his/her juror fees to the University Business Services office. In no instance is a faculty member required to remit to the Administration any expense or mileage allowance paid him/her by the court. Faculty members shall not lose cumulative benefits because of jury service.

The Administration may request the court to excuse faculty members from duty if they are needed for the proper operation of Montana State University Billings.

- B. Extending biographical control over these collections;
- C. Instructing students both formally in the classroom and informally in the Library; and
- D. Advising faculty and others in the use of Library resources.

Library Faculty serving in their primary assignment of Library responsibilities are considered to be teaching as used in this Agreement. However, it is understood that Library Faculty will be evaluated, not according to standards of evaluation of Teaching Faculty, but according to standards developed and modified as needed by the Library unit in accordance with Section 9.320 (Department or Administrative Unit Criteria).

13.200 DEFINITION OF "DEAN"

In all sections of this Agreement affecting the Library and/or Library Faculty, when the term "Dean" is used, such use shall mean the Director of Library and Audio Visual Services.

14.000 COMPENSATION

14.100 FACULTY SALARIES

14.110 BASE SALARY STEP DETERMINATION

Base steps indicated for each faculty member are determined by the formula outlined below:

- A. Count all years of regionally accredited junior or senior college teaching and/or other recognized experience using the following criteria:
 1. Prior college teaching experience with an autonomous responsibility for each course taught and for which the academic year appointment was 0.5 FTE or more will be counted year for year upon confirmation of the appointment by the appropriate appointing authority and receipt of the records by the Academic Vice Chancellor/Provost. For newly hired faculty such determination shall be made by the Academic Vice Chancellor/Provost prior to or within the first academic term of the appointment. One year of credit will be given for an academic year; no additional credit will be granted for fiscal year appointments or for summer employment.

2. Full-time college non-teaching professional responsibilities of persons holding academic rank or a combination of teaching with such responsibilities will be counted on a year for year basis.
 3. Sabbatical assignments and educational leaves without pay shall be counted on a year for year basis.
- B. To the total calculated in Paragraph A above, add a maximum cumulative total not exceeding ten years drawn from any combination of the following three categories:
1. Years of elementary or secondary school full-time professional experience that are related to assignments at Montana State University Billings as recommended in writing by the appropriate search committee and Dean and approved by the Academic Vice Chancellor/Provost may be counted on a year for year basis.
 2. Years of non-teaching experience that are related to faculty assignments at Montana State University Billings as recommended in writing by the appropriate search committee and Dean and approved by the Academic Vice Chancellor/Provost will be counted on a year for year basis.
 3. A maximum of one year for a contracted graduate assistantship or similar contractual experience in a regionally accredited institution of higher education will be counted. The graduate assistantship of a newly hired faculty member must be certified by an appropriate administrator in the college or university concerned before the end of the first academic term of the appointment at Montana State University Billings.

14.130 ADJUSTMENTS TO FORMULA-INDICATED SALARY

Adjustments to the formula-indicated salary will be allowed to compensate for market hiring conditions. Adjustments for market hiring conditions should reflect the current market conditions.

14.131 MARKET ADJUSTMENTS

Faculty members in disciplines where external markets have made competitive recruiting difficult may receive a market adjustment. Market adjustments shall be awarded faculty in the following disciplines and in the following amounts:

- Accounting 15%
- Information Systems 15%
- Business Economics 15%
- Finance 15%
- Management 15%
- Marketing 15%
- Mathematics/Computer Science 05%

The adjustments contained in this section shall be used in computation of the affected faculty members' base formula-indicated minimum salary.

Faculty salaries that exceed the formula-indicated minimum salary, including market adjustment, by more than 40% must be approved by the Faculty Administration Collaboration Committee (FACC).

14.133 MERIT

Merit shall be awarded as stated in Section 9.720 (Meritorious Performance Review Bonus).

14.140 EXCEPTIONS

14.141 ADVANCEMENT IN RANK

Faculty who have received an advancement in rank shall receive a percentage raise equivalent to that stated in Section 14.121 (Factors) effective at the beginning of the academic year in which the advancement becomes effective. This percentage raise shall be applied to the salary that would have been received in that academic year in the absence of the advancement. Those faculty without a

doctorate or an appropriate terminal degree (per Section 9.331 Appropriate Terminal Degree) who have been advanced to the rank of Professor prior to July 1, 1989, shall be paid at the appropriate terminal degree rate.

14.142 COMPLETION OF DOCTORAL DEGREE

Faculty who satisfactorily complete an earned doctorate (per Section 9.331) shall be paid at the appropriate terminal degree rate effective at the beginning of the next academic term following confirmation of the completion of all degree requirements.

14.143 TERMINAL DEGREE

Faculty members in disciplines which do not require an earned doctorate as a terminal degree (per Section 9.331) shall be paid at the appropriate terminal degree rate if they hold a recognized terminal degree and shall be paid at the non-appropriate terminal degree rate if they do not. Faculty in such disciplines who satisfactorily complete an appropriate terminal degree (per Section 9.331) shall be paid at the appropriate terminal degree rate effective the beginning of the next academic term following confirmation of the completion of all degree requirements.

14.144 LECTURERS

Lecturers will be compensated at the same rate as Instructors.

14.145 SPECIAL CASES

- A. Faculty members who are on a fiscal year contract and are converted to an academic year contract will receive an academic year salary determined in accordance with the provisions of Sections 14.110 – 14.150 (Base Salary Step Determination through Succeeding Agreement).
- B. Faculty paid totally or partially from other than current unrestricted funds shall have their salaries calculated in accordance with the provisions of Sections 14.110 – 14.150 (Base Salary Step Determination through Succeeding Agreement).
- C. The academic contract year shall be divided into nineteen or twenty biweekly pay periods. In the event that a faculty member's academic year salary needs to be prorated for a fraction of the academic year, the salary for each academic semester shall be one-half of the salary for the academic contract year. In the event that the salary needs to be prorated for a fraction of an

academic semester, that fraction shall be calculated by dividing the number of contract days of employment by the number of contract days in the academic semester.

- D. Faculty may elect to have their pay over twenty-six pay periods that would start in August of the academic year and end the next August. Once this election has been made, the election is irrevocable unless an exception is granted by the Chancellor. If a faculty member chooses to move to the twenty-six pay periods, s/he must elect this option by May 1st of the academic year before the change is to take effect. If a faculty member has selected the twenty-six pay period option and terminates, all amounts due will be paid at termination.

New faculty may elect the twenty-six pay period option at the time of hire. This option is not available for fixed term, lecturers and terminal contract faculty unless prior approval is given by the Chancellor.

14.146 NEW HIRES

New faculty hires will have their former employment records available at the time of hire for determination of the various salary factors listed in Section 14.121 (Factors). Final determination will be agreed to by the Academic Vice Chancellor/Provost and concurred in writing by the newly hired faculty member. A faculty member whose initial date of employment is after July 1, 1997, who believes that one or more of the various salary factors is in error must present evidence no later than the end of the first full term of employment to the Faculty Administration Collaboration Committee, which shall determine the proper factor(s). Newly hired faculty members shall be immediately granted Market Adjustments under the conditions of Section 14.131 (Market Adjustments).

14.147 JOINT APPOINTMENTS

In the event that a faculty member receives a joint appointment and is eligible for a Market Adjustment under Section 14.131, the amount of the Market Adjustment shall be prorated to reflect the initial FTE assignment of the position by unit and by discipline.

14.148 FROZEN SALARIES

Faculty may receive no salary increase in accordance with Section 9.700 (Post Tenure Review). A faculty member who has had his/her salary frozen in a previous year and who believes his/her performance has substantially improved may request that an evaluation be conducted in accordance with Section 9.700. If, in the judgment of the Department Rank and Tenure Committee and the Dean, the faculty member's

performance has improved to an acceptable level, the Dean may make a recommendation to the Provost who in turn will make a recommendation to the Faculty Administration Collaboration Committee that the faculty member be eligible for a salary increase effective with the beginning of the next academic year. In no case shall any retroactive payment be made. The decision of the Faculty Administration Collaboration Committee in this matter shall be final and not grievable.

14.150 SUCCEEDING AGREEMENT

In the event the succeeding Agreement is not settled prior to the expiration of this Agreement, faculty shall continue to receive the same salary received in the previous academic year until such time as a new Agreement has been ratified.

14.200 SUMMER SESSION

Salaries for faculty members in the bargaining unit who are given a full-time summer session appointment, eight semester credits, shall be paid at the rate of twenty-two percent of the academic year salary preceding the Summer Session. If the faculty member is employed less than full-time, the salary shall be prorated for the appropriate fractional part of such full-time employment. A faculty member may volunteer to teach more than eight credits, but will not receive additional compensation for the additional credit/s.

Faculty will be issued a notice of appointment for Summer Session.

14.300 ADDITIONAL COMPENSATION

14.310 ALL FACULTY

The Administration is authorized to offer additional compensation to the faculty for special assignments that fall outside the normal expectation for faculty. Assignments eligible for additional compensation and the amount of additional compensation shall be determined by the Administration. Faculty acceptance of a special assignment is voluntary. The terms of a special assignment offered to and accepted by a faculty member shall be set forth in writing and must be approved in advance by the Administration.

14.320 DEPARTMENT CHAIRS

The normal reassigned time for Department Chairs will be determined by the Dean in consultation with individual Chairs as stated in Section 8.400. Department Chairs may receive additional compensation at

a rate determined by the Administration in lieu of reassigned time if it is in the best interest of the University. Participation in this compensation program in lieu of reassigned time is by request of the Dean, consent of the Chair, and approval of the Provost.

14.400 INSURANCE

14.410 GROUP INSURANCE

The University will contribute amounts mandated by State Law and/or Regents' Policies to the Montana University System group insurance plans for each eligible faculty member. The Administration shall appraise the Faculty Association of any changes in the University contribution level.

14.420 UNEMPLOYMENT INSURANCE

All faculty members covered under this Agreement shall be covered by unemployment insurance.

14.500 WORKERS' COMPENSATION

Workers' Compensation payments are for the purpose of offsetting the loss of income suffered by a faculty member. A faculty member's pay continues while on sick leave and s/he is not entitled to both paid sick leave and Workers' Compensation payments. A faculty member who is injured on the job has the option of taking either sick leave or Workers' Compensation payments and if his/her sick leave runs out, may receive Workers' Compensation payments.

14.600 RETIREMENT SYSTEMS

Faculty members are required to participate in either the Teachers Retirement System or an optional retirement plan, as provided for in the pertinent section(s) of the Montana Code Annotated. Faculty members may enter into post-retirement employment contracts in accordance with Board of Regents policy. The Administration may initiate and negotiate with individual faculty members and obtain mutually acceptable agreements that provide for early retirement subject to the approval of the Board of Regents.

Any changes in state statutes brought about by legislative action that increase these benefits will be applied forthwith by the Administration.

14.700 EMPLOYMENT INDEMNITY

Faculty members covered by this Agreement are entitled to the indemnification protection provided for in the Montana Code Annotated for actions taken in the ordinary course and scope of their employment. The Commissioner shall supply the MSU Billings Faculty Association with copies of any liability policy currently in effect.

14.800 FACULTY REIMBURSEMENT

Expenses incurred for travel, meals, lodging and miscellaneous items shall be reimbursed in accordance with state law.

15.000 DISCIPLINARY ACTIONS AND RETRENCHMENT

15.100 DISCIPLINARY ACTIONS

15.110 SANCTIONS

Any faculty member may be subject to disciplinary sanctions for failure to carry out the responsibilities of a faculty member as defined in Section 10.100-120 (Professional Responsibilities). Disciplinary sanctions shall include warning letters, formal reprimands or salary freezes. Any salary freeze shall be determined as a result of the process outlined in Section 9.700 (Post Tenure Review). Salary may be withheld when an employee is absent without authorization or justification for a period in excess of five regular work days pending an investigation of the circumstances of the absence.

15.120 SUSPENSION

In the case of termination proceedings until a final administrative determination has been reached by the Chancellor the faculty member may be suspended or assigned to other duties in lieu of suspension. Suspension is appropriate only when immediate harm to the faculty member or others is threatened by his/her continuance. Salary will continue during the period of suspension.

Any employee may be suspended without pay upon conviction of a felony or a crime involving moral turpitude.

15.130 TERMINATION FOR CAUSE

Termination of the appointment of a faculty member may be effected by the University for adequate cause, regardless of the type of appointment and before the end of its specified term if any. Terminations will not be employed as a punitive measure or to punish faculty members for the exercise of their right to academic freedom or constitutionally guaranteed civil rights. Whether adequate cause exists for termination shall be determined by the Chancellor, pursuant to Sections 15.131 – 133 below.

15.131 CAUSE FOR TERMINATION

Cause for termination shall include:

- A. Conviction of a felony or a crime involving moral turpitude during the period of employment at the institution or the willful concealment of such conviction in making application for employment;
- B. Consistent and/or uncorrected failure to carry out the responsibilities of a faculty member as enumerated in Sections 10.100 – 120 (Professional Responsibilities), which failure shall be directly and substantially related to the fitness of the faculty member in his/her professional capacity as a teacher or researcher;
- C. Fraud or misrepresentation of professional preparation, accomplishments or experience in connection with initial hiring or in the submission of materials for evaluation for rank advancement, tenure or salary adjustment purposes;
- D. Endangering, exploiting or abusing students or employees.

15.132 TERMINATION PROCEDURES

The termination of any faculty member for adequate cause shall be preceded by a discussion between the faculty member and the Chancellor or his/her designee. The matter may be concluded by mutual consent at this point.

In the event the matter has not been concluded through this discussion, an investigation will be conducted by the Committee on Service.

The Chancellor shall submit to the Committee the name of the faculty member, the possible cause for termination and any other relevant information. Within the time period specified by the Chancellor, but

no sooner than thirty days after having received the Chancellor's submissions, the Committee shall report its findings of fact relating to whether cause for termination exists.

If after receipt of the investigation report, the Chancellor determines that cause exists for termination, the Chancellor shall notify the faculty member in writing of the cause and date of termination.

15.133 COMMITTEE ON SERVICE

The Committee on Service shall be formed and convened as necessary to fulfill the requirements of this contract. Its membership shall be four tenured faculty members: two appointed by the Chancellor and two appointed by the MSU Billings Faculty Association. A member of the Committee upon request to the appropriate appointing authority may be excused from participation in a particular investigation for reasons of conflict of interest. If a member is excused, the appropriate authority shall appoint a new member for that particular case.

If the possible cause for termination submitted by the Chancellor involves charges under Sections 15.131-132, the Committee on Service shall be augmented by two tenured faculty members appointed by the University Rank and Tenure Committee. In such a case, the Committee's investigation and report shall include an evaluation of whether the faculty member has satisfied the general standards of competence in the discipline.

15.140 DISCIPLINARY ACTIONS GRIEVABLE

Any disciplinary sanctions, suspension or termination of a faculty member shall be grievable by means of the grievance procedure provided in Section 16.000 of this Agreement. The burden of proof shall rest upon the University, and that burden shall be satisfied only by a preponderance of the evidence in the record considered as a whole.

15.200 RETRENCHMENT

Retrenchment is the termination of tenured faculty members of either financial or programmatic reasons.

15.210 NECESSITY FOR RETRENCHMENT

The necessity for retrenchment shall be determined by the Board of Regents after considering the recommendations of the University Chancellor, the Commissioner of Higher Education and the Faculty Review Committee in accordance with the procedures outlined below.

Necessity for retrenchment arises from either of the following two situations:

- A. When the faculty personnel services budget is insufficient to sustain the current number of tenured positions, without reducing current faculty salaries; or
- B. When an administrative unit, program or degree as listed in the catalog is curtailed or discontinued because of a sustained drop in enrollment, shifted student interests or changed role and scope.

In determining whether retrenchment is necessary and in selecting the areas where the terminations will occur, primary consideration will be given to the University's responsibility to offer an appropriate range of courses and program, and to maintain a balanced institutional effort that is responsive to the needs of the students and the state.

15.220 RETRENCHMENT PROCEDURES

If the Administration determines that the potential for retrenchment exists, the Chancellor shall establish a Faculty Review Committee consisting of three faculty members elected by the faculty at large, three faculty members elected by the MSU Billings Faculty Association and one student selected by the ASMSU Billings.

The Chancellor shall submit to the Faculty Review Committee a statement of the University's situation supported with the facts and figures necessary for the Committee's analysis and review. S/he shall charge the Committee with specific areas to analyze and review. Within thirty days, the Committee shall submit its recommendations with supporting documents and rationale to the Chancellor. In the event the Committee does not report within the stipulated time, the Chancellor may proceed.

The Chancellor and the Faculty Review Committee shall meet and discuss the Committee's report and attempt to agree upon a single recommendation to the Commissioner of Higher Education. If they cannot agree, the Committee shall submit its own plan to the Commissioner of Higher Education separately.

The Chancellor shall prepare his/her recommendation for the Retrenchment Plan that:

- A. Documents the need for retrenchment;
- B. Identifies the number of positions to be terminated by administrative unit, program, or degree;
- C. Includes any other relevant supporting information.

S/he shall submit this plan to the Commissioner of Higher Education.

After reviewing the Chancellor's Retrenchment Plan and the Faculty Review Committee's plan, the Commissioner shall formulate his/her recommendation and submit it along with the other two plans to the Board of Regents.

The Board of Regents shall make the final decision on whether retrenchment is necessary and shall instruct the Chancellor to implement the plan it has approved.

15.230 RIGHTS OF FACULTY MEMBERS

In all cases of retrenchment, faculty members shall have the following rights:

- A. Retrenchment shall be in the inverse order of seniority by the administrative unit, program or degree that has been identified for retrenchment. Seniority is measured by the faculty members' full-time equivalent service at the University. The academic year shall be deemed to be a year of service and no additional seniority shall be accrued for any assignment beyond the academic year. Strict seniority shall be held to unless an exception to seniority is necessary to avoid a serious distortion of the academic program. The Chancellor shall consult with the Faculty Review Committee before deviating from seniority. The Chancellor's decision to deviate from seniority is grievable.
- B. No tenured faculty member shall be terminated if non-tenured faculty members are retained in the same discipline to teach courses the tenured faculty member is qualified and capable of teaching.
- C. A faculty member may apply for reassignment rather than be terminated if the faculty member satisfies the qualifications for a position in an administrative unit, program or degree in which there is an approved available position opening for which recruitment has been authorized. In the absence of a candidate with clearly superior qualifications, the faculty member shall be given employment preference. The faculty member shall retain his/her former salary, rank and tenure status.

- D. Any tenured faculty member selected for termination shall have the right to apply for any existing open non-academic position at the University and in the absence of a candidate with clearly superior qualifications the faculty member shall be given employment preference. In this situation, the faculty member shall receive the salary established for the new position and shall lose academic rank and tenure.
